***MEMBERS OF THE  
INCOMING FOURTH CLASS:  
THIS WILL BE YOUR  
ALMA MATER***

We do not pretend to familiarize you completely with The Citadel in this short booklet. We can present the facts which you will learn and remember always with pride. We can explain the regulations, the schedules and programs; and we can list the names of important personages. Yet in the last analysis, your presence here is the only way in which you will truly understand what is meant when we speak of "The Whole Person."

This can be said, however, before passing on the contents of this book: If at The Citadel the way looks long and hard to you, you have only to remember that when the coveted diploma and possible armed forces commission are earned by you at graduation, you can truthfully say that your education was broad and thorough and your military foundation sound. In addition, your character, if you have adhered to the regulations and principles of honor governing every cadet's life, has been molded so that you are the type of person which The Citadel has always been justly proud of graduating.

Enter, with the knowledge that a fine old military college is proud to welcome you into the Fourth Class.

THE GUIDON STAFF

Together we will build on those steadfast principles, bolstered by the solid foundation they comprise, while preparing to meet the challenges of the 21st Century.

John Southy Grinalds  
Major General, U.S. Marine Corps (Retired)  
President

# **MAJOR GENERAL JOHN SOUTHY GRINALDS PRESIDENT OF THE CITADEL**

Major General John Southy Grinalds, United States Marine Corps (Retired), was named eighteenth President of The Citadel on his 59th birthday, January 5, 1997.

With family roots deep in the Eastern Shore of Virginia, General Grinalds was born in Baltimore, Maryland, in 1938. His family moved to Macon, Georgia, when he was ten years old. By the time he graduated from high school, General Grinalds had become a class officer, an all-state football player, an honor student, and colonel of the Junior ROTC unit.

Appointed to the United States Military Academy, General Grinalds was graduated with honors in 1959, earning a BS degree. General Grinalds continued his education at Brasenose College, Oxford University as a Rhodes Scholar earning bachelor's and master's degrees in geography and, once again, was graduated with honors. General Grinalds served as a White House Fellow in 1971 and completed his MBA at Harvard Business School with distinction in 1974.

Serving with the Department of Defense Systems Analysis Office during the late 1960s, General Grinalds became a manpower planning analyst—a field in which he developed an expertise used throughout his military career.

General Grinalds has served abroad in the Mediterranean region, the Panama Canal Zone, Japan, Belgium, and for two tours of duty in Vietnam. During one of those tours, General Grinalds was awarded a Silver Star for heroism in combat. From 1982 to 1985, General Grinalds served as special assistant to the Supreme Allied Commander, Europe, working in delicate negotiations between NATO and the French military. Because of his outstanding service there, French President Francois Mitterand inducted him into the Legion d'Honneur, a rare honor for an American colonel.

In 1986, General Grinalds received the rank of brigadier general before beginning an assignment serving the Chairman of the Joint Chiefs of Staff. He was later promoted to major general and, in 1989, was appointed the commanding general of the Marine Corps Recruit Depot in San Diego, California, a position he held until his retirement in 1991.

General Grinalds then became the seventh headmaster of one of the South's most prestigious boys' preparatory schools, Woodberry Forest School, Woodberry Forest, Virginia, where he served until coming to The Citadel.

General Grinalds married Norwood Dennis, his childhood sweetheart from Macon, in 1962. Mrs. Grinalds is a graduate of Salem College in Winston-Salem, North Carolina. They have four children; Drummond, a 1986 Harvard graduate; Southy, a 1987 graduate of Harvard; Kate, a 1991 graduate of the University of Georgia; and Allen, who completed the United States Naval Academy in 1994.

General Grinalds is active in a number of organizations. He is a member of the Senior Board of Directors of the Brasenose College Charitable Foundation, a trustee of Porter-Gaud School, a member of the Executive Board of the Coastal Carolina Council, Boy Scouts of America and has membership in the Officers' Christian Fellowship, the White House Fellows Association, the Association of American Rhodes Scholars, and the Sons of the American Revolution. He is a former trustee of Hampden-Sydney College and the Madeira School and has served as a member of the Virginia and South Carolina state selection committees for the Rhodes Scholarship Trust.

## MESSAGE FROM THE PROVOST AND DEAN OF THE COLLEGE

On behalf of our faculty, I want to welcome you to The Citadel. You have made a life changing decision. The Citadel experience is unique. It affords you an exceptional opportunity to develop your fullest potential academically, morally, spiritually, and physically. The focus is on the whole person in a learning environment that emphasizes responsibility, honor, and integrity.

Relatively few choose this "road less traveled" because it is a demanding one. But those who do make this choice find a new level of opportunity, self-confidence, and fulfillment that far exceeds their expectations.

The Citadel experience is a team effort. The faculty, your advisor, and all of us in Academic Affairs are a part of that team. We want you to succeed, and we stand ready to assist you. The faculty-student relationship is a special one. As faculty members, we endeavor to create in our students a level of excitement about the

academic disciplines that rivals the love we have for our own chosen field of study. Our faculty are dedicated to the teaching-learning process, and our greatest reward is to see highly-motivated students grow and develop.

We view learning as a journey not a destination. You and your family have already made a significant commitment to that journey. Now we join you for these next four years on that journey which we hope will be lifelong and very rewarding for you.

Our goal is not just to teach facts. Our goal on this part of the journey is to assist you in enhancing your abilities to think, to analyze, to communicate, to value, and to be tolerant of diverse philosophies. In addition, we want to increase your capacity for and interest in learning as a lifelong activity. You play a major role in how well we succeed at this goal. The more prepared you are on a daily basis, the more rewarding will be the journey for all of us. I urge you to remain focused and to make a significant investment in your future during these next four years. Such an investment has made the difference for thousands of graduates from The Citadel who "wear the ring."

I look forward to being a part of your journey while you are here. And, I look forward to learning about your success as a graduate of The Citadel.

Harrison S. Carter  
Brigadier General, SCM  
Provost and Dean of the College

## COMMANDANT'S MESSAGE

Congratulations to the Class of 2006 on your decision to attend The Citadel. This decision carries with it an understanding that The Citadel is unique. The Citadel will challenge each of you mentally, physically, and emotionally so that each of you will grow stronger

and understand yourself completely. Leadership excellence is based on this understanding. The Citadel strives to develop four dimensions of a cadet's character including intellectual, physical, ethical, and military. This philosophy serves as the objective for the balanced development of each cadet.

The military environment at The Citadel is the foundation of developing *esprit de corps* and self discipline. The standards for cadet behavior are clearly outlined in *The Blue Book* (cadet regulations), *The White Book* (functions and procedures), *The Red Book* (the Fourth Class System Manual), *The Guidon*, and the *Honor Manual*. These documents must be thoroughly understood by each of you during your early weeks of training at The Citadel.

The fourth class year is the most demanding and rewarding year at The Citadel. Your decision to attend The Citadel indicates that you are a cut above the

average high school graduate. You must now commit yourself to not only completing the fourth class year, but growing and excelling in each of the dimensions of The Citadel philosophy.

I look forward to having the opportunity to meet you and assist you in the process of developing into a Citadel cadet and graduate.

James E. Mace, '63  
Brigadier General, USA, Retired  
Commandant of Cadets

## CADET REGIMENTAL COMMANDER

### Members of the Class of 2006

Congratulations on accepting the challenge to become a Citadel graduate. You have made a well thought out, conscious decision to, "take the road less traveled." Each of you has your own reasons for why you made this choice. It is a wise one I am sure few will regret. You will not

begin to appreciate its significance until you have spent some years here, and probably not comprehend the full magnitude of its impact until you have been departed for ten or twenty years.

You have commenced on a journey that will challenge you to find out more about yourself than any you have previously set upon. Your journey here will not be easy. Nothing in life worth pursuing is. The ideals we embody require sacrifice and dedication, and these will be demanded many times over during your years here. You may question from time to time whether you have made the correct choice. Never relinquish your motives for being here. When you have succeeded, you will know that your sacrifices justified your efforts. Through the trials you under go, a leader will emerge. Vincent T. Lombardi was quoted as saying, "Contrary to the opinion of many people, leaders are not born. Leaders are made, and they are made by effort and hard work."

By entering The Citadel you have assumed a title and an awesome responsibility. The title is that of a

Citadel cadet and the responsibility is to carry on and further, the great reputation of The Citadel. The simple title of a Citadel cadet infers that you are a person of honor, high moral character, and are duty bound to perform in a just and lawful manner. People will see the ring you wear and hear the title you carry and expect, no demand, that you act according to the code we live by. The responsibility to carry on and further the reputation of The Citadel is another rich but heavy reward to carry. The legacy and life of the school passes on to you as you take your place in the Corps of Cadets. The School, its reputation, and your title will reflect how you have shaped the school during your time here. How you conduct yourself and impact the school, affect not only your class but also all those to follow. We are known by the actions of all Citadel cadets, not just by our own. The Long Gray Line is just that, a line of cadets that is connected and unbroken throughout the years. Its reputation rests on all those who wear the Band of Gold.

No amount of training or lectures can teach you what this school has to offer. If you apply and take to heart the lessons that can be learned here you will find yourself emerging as a confident honorable leader, one that can be the most valued asset of any organization, be it the military or corporate world. For that reason, Citadel cadets are desired and are held in such high esteem. This transformation of self can only happen if you dedicate your whole being to becoming an honorable, confident, selfless leader. I wish you the best of luck in your journey to join the Long Gray Line.

Richard P. Neikirk  
Regimental Commander  
South Carolina Corps of Cadets

"I shall be telling this  
with a sigh  
Somewhere ages  
and ages hence:  
Two roads diverged  
in a wood, and I—  
I took the one  
less traveled by,  
And that has made  
all the difference."

### **III. THE CITADEL MISSION**

The Citadel, the Military College of South Carolina, is a state-supported four-year comprehensive college. Throughout its history, The Citadel's primary purpose has been to educate undergraduates as members of the South Carolina Corps of Cadets and to prepare them for post-graduate positions of leadership through academic programs of recognized excellence supported by the best features of a structured military environment. The cadet lifestyle provides an environment which supports the growth and development of character, physical fitness, and moral and moral principles.

A complementary purpose of The Citadel, realized through the College of Graduate and Professional Studies, is to serve the citizens of the Lowcountry and the State of South Carolina through both undergraduate and graduate degree programs, application and utilization of research, and a broad range of professional development opportunities. The same faculty and academic support services are used in both programs.

The Citadel supports South Carolina's diverse system of higher education, through which each student can reach his or her educational objectives. In accomplishing its mission, The Citadel attempts to attract the best possible students from its respective service areas. The Citadel seeks to enroll students whose motivation, educational achievements, and extra-curricular activities and experiences indicate that they are prepared to pursue challenging college-level work within the context of cadet life. A demonstrated inclination toward leadership through service is a key indicator for success

at The Citadel. The Citadel accepts all qualified South Carolina applicants, but recruits nation-wide to insure a diverse student body. For the Corps of Cadets, a coeducational, residential program of approximately 2,000, the primary service area is regional, with approximately 50% of each freshman class coming from South Carolina, although the reputation of the school does bring a number of students from all parts of the United States and many foreign countries. The primary service area for the coeducational College of Graduate and Professional Studies is the South Carolina Lowcountry. Through its undergraduate and graduate programs, the College of Graduate and Professional Studies is prepared to serve a degree-seeking population of approximately 2000.

The Citadel provides a quality education through extensive grounding in liberal arts and sciences. Its primary emphasis is on undergraduate education through a wide range of baccalaureate degree programs in the humanities, social and natural sciences, business administration, engineering, and education. These comprehensive academic programs prepare Citadel graduates for a variety of careers in business and other private sector opportunities (approximately 55% of each class), for careers in military and government service (approximately 30% of each class accepts a military commission, with 12-15% choosing military service as a career), and for entry into graduate and professional study (approximately 15% of each class goes immediately into graduate or professional school; many more choose to do so later in their careers). The college's graduate programs offer degrees at the master's and specialist levels. Meeting the needs of the South Carolina

Lowcountry in terms of instruction, public service, and research, including such initiatives as cooperative programs with other educational institutions, is an important part of The Citadel's mission.

The Citadel strives to produce graduates who have insight into issues, ideas, and values that are of importance to society. It is equally important that Citadel graduates are capable of both critical and creative thinking, have effective communication skills, can apply abstract concepts to concrete situations, and possess the methodological skills needed to gather and analyze information.

The Citadel recognizes that the excellence of its educational programs is dependent upon the quality of its faculty. It also acknowledges and endorses the teacher-scholar ideal: that Citadel faculty will address audiences beyond the immediate confines of the college by sharing their knowledge with other scholars and with the public. Traditionally, such sharing is accomplished through teaching and lecturing, researching, writing, publishing, and public service.

# THE HISTORY OF THE CITADEL

## ORIGINS OF THE CITADEL

1783-1842

The name Citadel evokes images of military might and strength. Before its use as the Citadel Academy beginning in 1842, the site of the institution had been used for military purposes by both the state and federal governments dating back to colonial times.

As the economy of South Carolina diversified to include the cultivation of crops other than rice, a building was needed for the "inspection of tobacco." It was on this site, in downtown Charleston, that such a building was built in 1790. On February 22, 1797, the two regiments of the city were reviewed by President George Washington near the "Tobacco Inspection" on what was later known as the Citadel Green, now known as Marion Square.

In December, 1822, the legislature passed "An Act to Establish a Competent Force as a Municipal Guard for the Protection of the City of Charleston and Vicinity." Marion Square was selected for an arsenal and guard house and in 1829, the building which was to be known as the Citadel was completed. The state and city authorities requested that it be garrisoned by United States troops from Fort Moultrie. The Nullification Crises of 1832 and the growing schism between North and South caused the state to request the withdrawal of United States troops in 1832, and the facility was garrisoned by South Carolina troops for the next ten years.

## THE SOUTH CAROLINA MILITARY ACADEMY

State troops occupied both The Citadel and The Arsenal at a cost of \$24,000 per year. Governor John P. Richardson believed that guard duties should be combined with a system of education to be offered to the poor but deserving boys of South Carolina. On December 20, 1842, the South Carolina Legislature passed an act establishing The South Carolina Military Academy. The Citadel and The Arsenal were converted into educational institutions and students replaced the state troops.

General James Jones, the first Chairman of the Board of Visitors, was responsible for establishing the regulations for military instruction and discipline. He used the regulations of The United States Military Academy at West Point. For the curriculum, General Jones followed the course designed by Captain Alden Partridge, the founder of Norwich University in Vermont. The arts and sciences were combined with a military education designed to provide the graduate with "A complete and generous education that which fits a man to perform justly, skillfully and magnanimously all the offices of a citizen, both private and public, of peace and war."

### THE EARLY YEARS

On March 20, 1843, twenty cadets reported to The Citadel Academy and fourteen to the Arsenal Academy. The State paid the tuition for the "beneficiary" cadets who were selected from the then twenty-nine counties

in South Carolina. The tuition for cadets who were able to pay was \$200 per year.

Initially, The Citadel Academy and The Arsenal Academy operated independently; however, in 1845 the role of The Arsenal Academy was changed to the instruction of freshmen. As a result, cadets spent their first year in Columbia and then transferred to The Citadel for the remaining three years. This allowed the administration to economize by eliminating the duplication of course work.

The academic year began on New Year's Day and ended in late November. Military sessions were held after exams in April and in December. Daily life was regimented and there were no vacations. There was an infantry or artillery drill held each weekday from March 1 to December 1. Classes were not held on Saturdays or

CITADEL ACADEMY, 1860.

Sundays, however there was a room and corps inspection on Saturdays and church attendance was required on Sundays. The cadet literary societies, The Calliopean and The Polytechnique, provided a popular form of entertainment. The cadets tested their oratorical abilities in lively debates on a variety of subjects. The first graduating class was in 1846. Charles Courtney Tew was the first honor graduate.

There were yellow fever epidemics in Charleston during the summers of 1843, 1849, 1852, 1854 and 1856. The Citadel's routine was disrupted and the corps of cadets either disbanded or relocated to The Arsenal in Columbia.

In 1846, South Carolina was preparing to furnish its volunteers to fight in the Mexican War. The recruits for the Palmetto Regiment were sent to The Citadel to receive military instruction and the cadets served as their drillmasters. The Palmetto Regiment distinguished itself in battle and their flag was the first in Mexico City in 1847.

The Citadel had gained the reputation for strict

military discipline and high academic standards.

## The Civil War Period

When South Carolina seceded from the Union in December 1860, Major Robert Anderson moved his garrison of United States troops from Fort Moultrie to Fort Sumter and requested reinforcements from the federal government. In order to protect the entrance to Charleston Harbor, the Governor of South Carolina ordered a fortification to be constructed on Morris Island. On January 9, 1861, Citadel cadets who were stationed on Morris Island fired on the U.S. steamer, *The Star of the West*, which failed to re-supply Fort Sumter. The New York Evening Post reported, "The military men on board [*The Star of the West*] highly complimented the South Carolinians on their shooting in this first attempt. They say it was well done; that all that was needed was a little better range, which they probably could have obtained in a few minutes. Their line was perfect; and the opinion is expressed that some one had charge of the guns who knew his business."

On January 28, 1861, the Corps of Cadets were made part of the military organization of the state and were known as The Battalion of State Cadets. The cadets took part in eight engagements in defense of Charleston and South Carolina. The firing on the *Star of the West* and the engagement at Williamston were considered the first and last shots of the war. In recognition of their honorable and meritorious service, the Office of the South Carolina Adjutant General autho-

rized The Citadel to carry the following battle streamers:

Star of the West, January 9, 1861

Wappoo Cut, November 1861

James Island, June 1862

Charleston and Vicinity, July to October 1863

James Island, June 1864

Tulifinny, December 1864

James Island, December 1864 to February 1865

Williamston, May 1865

After experiencing the excitement of manning the guns on James Island in the spring of 1862, thirty-six cadets became tired of the college routine and deserted The Citadel on June 9, 1862, and were subsequently dismissed by The Board of Visitors. These ex-cadets joined the Sixth Regiment of S.C. Cavalry under Col. Hugh Aiken and were known as the Cadet Company or Cadet Rangers. They fought in at least twelve battles from 1863 to 1865 earning laurels for bravery and professionalism.

Of the 224 graduates living at the time of the Civil War, 209 entered the Confederate service. Four graduates achieved the rank of Brigadier General: Johnson Hagood, Ellison Capers, Evander Law and Micah Jenkins. In addition, there were nineteen colonels, eleven lieutenant colonels, eighteen majors and numerous junior officers and enlisted men. Citadel graduates were involved in the major battles of the war including Fort Sumter, First Manassas, Shiloh, Vicksburg, Antietam, Chancellorsville, Gettysburg, Atlanta and Petersburg.

## UNION OCCUPATION AND REOPENING

In February 1865, The Arsenal Academy in Columbia was burned by Gen. William T. Sherman's troops and never reopened. The Officers' Quarters at the Arsenal, however, were not burned and today the building serves as the South Carolina Governor's Mansion. The Citadel Academy ceased operation as a college when the Union troops entered Charleston and occupied the site.

In April 1877, a group of nine graduates met in Charleston to discuss reorganizing the Association of Graduates, which had been established in 1852. They also considered plans for recovering The Citadel from the United States Government and reopening the college. A publicity campaign was started to enlist favorable support in South Carolina for the reopening of the military academy. A claim was made against the United States Government to return The Citadel buildings to the State.

In December 1877, Brigadier General Johnson Hagood, an 1847 Citadel graduate, was appointed Chairman of the Board of Visitors. Gen. Hagood was elected Governor of South Carolina and served from 1880 to 1882. His position and influence paved the way for the reopening of The Citadel.

On January 10, 1882, the Judge Advocate General of the United States Army rendered the opinion that the State of South Carolina was entitled to immediate possession of The Citadel. On January 31, 1882, the South Carolina Legislature passed the act to reopen the college.

The 1882 session began with an enrollment of 185 cadets. Colonel John P. Thomas, who had been the

superintendent of The Arsenal from 1861 to 1865 and an 1851 graduate, was named superintendent of The Citadel in 1882. Although there were no longer munitions to guard, Colonel Thomas re-instituted the same strict military system as well as the intensive academic program.

## **SPANISH AMERICAN WAR**

In the war with Spain in 1898, more Citadel graduates volunteered for service than were needed. Seventeen Citadel graduates served with the volunteer regiments. Five graduates served in the Regular Army.

## **NAME CHANGE**

In 1910, the college's name was officially changed from The South Carolina Military Academy to The Citadel, The Military College of South Carolina. This change was necessary to reflect the academic nature of the institution. The word Academy had come to indicate a high school instead of a college and it presented an incorrect perception of The Citadel, which is an institution of higher education.

## **NATIONAL DEFENSE ACT**

The National Defense Act of June 3, 1916, began the formation of Reserve Officers Training Corps in U.S. colleges. The standards established by the War Department were met at The Citadel. After conducting the War Department's three-day inspection in 1918,

Col. Charles Noyes indicated that "The Citadel is maintaining its position as a distinguished military college."

The National Defense Act also offered the opportunity for recent graduates to enter the Regular Army. Of the class of 1917, all 33 entered military service. Six entered the Regular Army and thirteen others were commissioned in the United States Marine Corps. In *The Story of The Citadel*, Colonel Bond noted that so many Citadel graduates had been commissioned in the Marine Corps during this period that jealous congressmen from other states had made it the subject of an investigation by a Congressional committee. In World War I Citadel graduates were with the first American convoy which sailed on June 13, 1917. Three hundred fifteen graduates served in the war.

## NEW CAMPUS

The Citadel had outgrown its campus on Marion Square, despite numerous building additions and could accommodate only 325 students. In 1918, the City of Charleston gave the State of South Carolina a magnificent site on the banks of the Ashley River for a greater Citadel. On October 21, 1922, the cadets returned to a new campus, which consisted of a barracks (now known as Padgett-Thomas Barracks), an infirmary, two wings of Bond Hall, and other auxiliary buildings. The eighty years on Marion Square had come to an end.

## ACCREDITATION

From 1842 to 1903, the curriculum had been

inflexible. In 1903, however, the senior class was permitted to choose an elective or major in civil engineering, the sciences or literature. In 1916, the elective system was extended to the junior class. The Citadel's academic reputation was enhanced in 1924 when it received accreditation from the Southern Association of Colleges. On January 23, 1931, The Citadel was admitted to membership in the Association of American Colleges.

## WORLD WAR II

From 1941-1945, The Citadel operated effectively and successfully. In April 1943, cadet underclassmen, as well as graduating seniors received orders to report to active duty in the armed forces. The corps of cadets was significantly reduced; however, the federal government sponsored several training programs which were administered at The Citadel. Under these programs, groups of students who were not cadets attended the college. The federal funding helped to keep the college operating to capacity. After 1945, the cadet corps increased and veteran students enrolled under the G.I. Bill.

During World War II The Citadel had the distinction of having the highest percentage of its students enter the military service of any college, with the exception of the service academies. Some Citadel alumni served in the armed forces of allied nations before the United States entered the war. Of 2,976 living graduates in 1946, 1,927 had served their country.

## CITADEL CENTENNIAL

The Citadel celebrated the 100th anniversary of its founding in the academic year 1942-1943. Parades, pageants, radio programs, magazine articles, and memorial services were held throughout the year.

### ACADEMIC REPUTATION

The academic program was expanded in 1966 to include a coeducational undergraduate evening program. Although bachelor's degrees were not granted through this program, it was one of the first instances of women learning in Citadel classrooms. Hours earned here were usually credited towards undergraduate degrees in other institutions. Two years later The Citadel began granting graduate degrees through an evening program. The program grew until 1994, when The Citadel Board of Visitors approved the foundation of the College of Graduate and Professional Studies (CGPS). A coeducational institution from its conception, the CGPS is now a mainstay of The Citadel's academic environment. Graduate students from the CGPS are employed in many aspects of The Citadel's network of administration and academic support services.

The Citadel has established a niche as a small public "teaching" college. This refers to The Citadel's emphasis on in-classroom instruction. While many Citadel faculty members have distinguished themselves through upper-level scholarly research, their focus remains on teaching and challenging their students. Unlike many larger colleges and universities, professors,

not graduate assistants or doctoral candidates, conduct classroom instruction. Also, The Citadel's policy of mandatory class attendance means that cadets will get more hours of classroom instruction than their civilian college counterparts.

## FIRSTS

As an institution that prides itself on uniformity, The Citadel tends to be reluctant to change. In 1970, the first African American cadet, the late Charles D. Forster, graduated from The Citadel. In the academic year 1975-1976, Dr. Aline Mahan became the first female faculty member. The assimilation of women into the SCCC has been the most recent change to the identity of The Citadel. In August of 1995, Ms. Shannon Faulkner, through court orders, became the first woman to matriculate into the Corps. Although she resigned a few days later, The Citadel Board of Visitors voted on June 28, 1996 to revoke the male-only admissions policy of the SCCC. This followed a ruling by the United States Supreme Court on a similar case involving the Virginia Military Institute (VMI) in *US v. Virginia*. In August of 1996, four females matriculated with the class of 2000. Two of these resigned amid allegations of hazing and harassment. The lawsuits and negative publicity associated with this incident marked a difficult time for the reputation and image of The Citadel and her alumni. Nancy Mace received her degree three years later, becoming the first female graduate of The Corps of Cadets. Now, there are almost one hundred female members of the SCCC, many occupying key positions

in the cadet chain of command, varsity athletics, and campus organizations.

### **GREATER ISSUES SERIES**

The Greater Issues Lecture Series begun in 1954 attracts nationally and internationally known speakers in the business, political, and military fields to The Citadel. The purpose of the series is to expose the cadets to the ideas and experiences of individuals in significant leadership positions.

### **BUILDING PROGRAM**

Since the move in 1922, the campus has been transformed by the construction of numerous buildings. LeTellier Hall, Summerall Chapel, McAlister Field House, Law Barracks, Stevens Barracks, and Capers Hall were completed between 1936 and 1951. From 1953 to the present the following buildings have been constructed which not only enhance the appearance of this unique campus, but also fulfill the academic, military, athletic, and social requirements of the college; The McCormick Beach House, Mark Clark Hall, the Daniel Library and Museum, the Thomas Howie Carillon, Byrd Hall, Jenkins Hall, Duckett Hall, Deas Hall, Seignious Hall, Vandiver Hall, Grimsley Hall, Watts Barracks, a new Coward Hall, Murray Barracks and Thompson Hall, and a renovated McAlister Field House. Padgett-Thomas Barracks is currently under reconstruction.

## SESQUICENTENNIAL

The Citadel celebrated its 150th anniversary in the academic year 1992-1993. Highlights of the festivities included the signing of a copy of the legislative act establishing The Citadel, the sesquicentennial ball, and a military tattoo. Featured in the tattoo were the Color Guard in period uniform, Regimental Staff, Band, Pipe Band, Chorale, Original 13, Junior Sword Drill, and Summerall Guards.

### MILITARY SERVICE & LEADERSHIP

Citizen-soldier duty in the profession of arms, which began over 150 years ago, has remained a constant theme in the history of the college during the Cold War era. Graduates again answered the call to war-fighting duty and sacrifice during America's longest war, Vietnam, 1965-1975. They also displayed their valor in the liberation of Grenada and the peacekeeping operation in Beirut, Lebanon. More recently, in 1991 in the Persian Gulf War, Citadel graduates in both the Active and Reserve components of the Armed Forces fought alongside cadets whose Reserve and National Guard units were mobilized. And in the post Cold War era, graduates have served in America's peacekeeping forces in the Balkans and elsewhere and are currently playing an active part in the war on terrorism.

As The Citadel enters the 21st century, it remains a bulwark of duty and honor and commitment to God and Country. Of its graduates, quality leadership has always been expected. Thus, its newest graduates carry forward the college's model of leadership in the finest

tradition in every walk of life.

Throughout the more than one hundred fifty-nine years of its existence, The Citadel has made contributions to the State of South Carolina and the nation disproportionate to its size and number of graduates. As The Citadel enters the twenty-first century, it stands as a bulwark of Duty, Honor, God, and Country and is dedicated to serve the state and nation through the citizen-soldiers which it produces.

## **SERVICE OF CITADEL ALUMNI**

### **THE FIRST GRADUATES**

From the college's earliest days, Citadel graduates have embodied the concept of the Citizen-Soldier. The first Honor Graduate, Charles Courtney Tew, would later fall at the battle of Antietam in 1862 at the head of his regiment, the 2nd North Carolina Infantry, on the eve of receiving his promotion to brigadier general. Another member of the first graduating class, William J. Magill, served as a lieutenant in the 3rd U.S. Dragoons under General Zachary Taylor during the Mexican War. Magill later served as Commandant of Cadets at the Georgia Military Institute, and as colonel of the First Georgia regiment during the Civil War.

Discipline and academic requirements were strict during this era as the reputation of the college as an elite institution was established. Of the 550 cadets who attended The Citadel and Arsenal during its first decade, twenty-two percent failed academically and twenty percent was dismissed for misconduct.

### **THE BLAST OF WAR**

Major Ellison Capers, Class of 1857, was one of the first emissaries from the new government of South Carolina to Fort Sumter when the Union garrison evacuated Fort Moultrie on December 26, 1860 and

occupied the unfinished Fort Sumter in Charleston harbor. Cadets from The Citadel then fired the first hostile shots of the war when the steamship Star of the West attempted to resupply Fort Sumter on January 9, 1861. Citadel graduates also later took part in the bombardment of Fort Sumter as the conflict erupted into civil war on April 12, 1861. Brigadier General E. M. Law, Class of 1856, distinguished himself at First Manassas and Gettysburg. Brigadier General Micah Jenkins, formerly a brigade commander in Pickett's Division and a favorite of General Longstreet, was killed at the Battle of the Wilderness in 1864. Two other graduates, Johnson Hagood and Ellison Capers, also served as brigadier generals, along with nineteen colonels, eleven lieutenant colonels, eighteen majors, and numerous junior officers and enlisted men. Of the 224 graduates living during the war, 209 served in the Confederate forces. Citadel graduates were present in all major battles of the war, including First Manassas, Shiloh, Vicksburg, Antietam, Chancellorsville, Gettysburg, Lookout Mountain, Atlanta and Petersburg. Forty-nine graduates died for the South during the war.

During the war, Citadel cadets also took part in eight engagements in defense of Charleston and South Carolina, earning the eight gray battle streamers on the Corps' Regimental Colors. Additionally, Citadel cadets were involved in the end of the war as well as the beginning. Robert M. Sims, Class of 1856 carried the flag of truce from General Longstreet to Major General

Custer at Appomattox Court House.

## THE STRUGGLE FOR EXISTENCE

For seventeen years following the end of the Civil War, The Citadel was occupied by Union troops. Efforts to reopen the institution began in April 1877 when the recently reorganized Association of Graduates, nine in all, met in Charleston. The alumni association, thus reestablished, intensified its efforts to obtain the return of The Citadel property from the federal government and to secure legislation in the U.S. Congress and the South Carolina General Assembly to revive the institution. The legislation to reopen the South Carolina Military Academy was passed in January, 1882, and possession of The Citadel returned to the state on March 17, 1882. On October 2, 1882, one hundred eighty-nine cadets reported to the revived Citadel. Colonel John P. Thomas, Class of 1851, who had headed the Arsenal Academy during the war, was appointed Superintendent. In 1890, Colonel Asbury Coward, Class of 1854, assumed the office of Superintendent. The same year, the first Commandant of Cadets, Lieutenant John A. Towers, 1st U.S. Artillery, was appointed and assumed from the Superintendent, the responsibility of disciplinary matters in the Corps of Cadets.

During the Spanish-American War in 1898, seventeen Citadel graduates served with volunteer regiments. Five graduates served with the Regular

Army.

During the post war period, Citadel graduates were also involved in the westward expansion of the United States. E.L. Heriot, Class of 1847, conducted the first railroad survey west and south of the Rio Grande River. T.J. Arnold, Class of 1852, designed the harbor and wharves of San Francisco and Oakland, California.

## **THE FIRST WORLD WAR**

During the First World War, Citadel graduates again served with distinction. Montague Nichols, serving with the British Royal Horse Artillery in Flanders, was the first Citadel alumnus to be killed in action. The first officer from South Carolina to fall in battle was Lieutenant John H. David, Class of 1914. In all, 315 Citadel graduates served in the Armed Forces during this conflict.

The record of Citadel graduates is described by Barnwell R. Legge, Class of 1911, who won the Distinguished Service Cross in France and was also a brigadier general and the Military Attaché to Switzerland during World War II. In his remarks at an alumni banquet in Columbia, SC in 1920, Captain Legge stated: "When the first American convoy sailed on June 13, 1917, there were a number of Citadel men with it. They were with the artillery brigade that pulled its guns up through the mud of Lorraine, and going into position near Bathlemont, sent America's first shot into the

German lines... Three hundred and fifteen in the service of their country; six killed, seventeen wounded. The war is over. Citadel men still serve, from the island of Mindanao to the steppes of Siberia. The mills of the old institution grind slowly - the product changes not. It stands for the same principles, the same ideals - solid citizenship, unquestioned loyalty, unflinching service."

## THE SECOND WORLD WAR

During World War II, The Citadel had the distinction of having the highest percentage of its students enter the military service of any college, with the exception of the services academies. Some Citadel alumni even served in the armed forces of allied nations before the United States entered the war. Of 2976 living graduates in 1946, 2927 had served their country. Before the end of the war, two hundred seventy-nine Citadel men had given their lives.

Probably the most famous officer was Major Thomas D. Howie, Class of 1929, and "The Major of St. Lo." Howie commanded the 3rd Battalion, 116th Infantry, in the famed 29th Infantry Division. Major Howie was killed one day before the strategic city of St. Lo fell, while giving final orders to the company commanders of his battalion. So gallant were his actions that his division commander paid him the highest military tribute by having his body brought into the city first and parading the division before him.

As in past conflicts, Citadel graduates participated in all the major campaigns of World War II, from Pearl Harbor through the major engagements in the European, North African, and Pacific Theaters, and at sea. A number of Citadel graduates fought in the Philippines and endured the Bataan Death March. Lieutenant H. E. Crouch, Class of 1940, took part in the Doolittle Raid on Tokyo in April 1942, America's first offensive action of the war. Captain Jack R. Millar, Class of 1939, flew the plans for the North African invasion to President Roosevelt. Millar had earlier participated in the first B-17 raid over Europe with the Eighth Air Force. The first commanding officer of the Marine Corps recruit training camp for African-American Marines was Colonel Samuel A. Woods, USMC, Class of 1914, a veteran of China, Nicaragua, and World War I. Colonel Woods was largely responsible for African-American Marines being allowed to serve in combat units rather than labor battalions. Perhaps the most decorated alumnus was Captain Roland Wooten of the Army Air Corps, Class of 1936.

## **THE COLD WAR**

During the Korean War, some 1500 alumni were on active duty, and thirty-one graduates were killed in action. General Edwin A. Pollock, USMC, Class of 1921, commanded the First Marine Division in Korea and served under General Mark Clark. During World

War II, General Pollock had won the Navy Cross as a battalion commander on Guadalcanal while his classmate, W. O. Brice, commanded Marine Aircraft Group 11 there. General Pollock, then the only Marine to have commanded both the Fleet Marine Force, Atlantic and Fleet Marine Force, Pacific, retired as a four star general and later served as Chairman of the Board of Visitors.

Citadel men again fought and died during the Vietnam War and subsequent conflicts. Captain Terry D. Cordell, Class of 1957, an Army Special Forces officer, was the first of sixty-five Citadel men who died in that war. Several Citadel graduates had been prisoners of war in North Vietnam, including Captain Quincy Collins, USAF, Class of 1955, who later served as the president of the Citadel Alumni Association. Major Samuel A. Bird, Class of 1961, who had led the funeral detail during the funeral of President John F. Kennedy in November of 1963, died of wounds received in Vietnam. Lieutenant General George M. Seignious II, Class of 1942, served as military advisor at the Paris Peace Talks and later as Secretary of the Joint Chiefs of Staff. The current Commandant of Cadets, Brigadier General J. Emory Mace, USA (Ret), Class of 1963, is one of The Citadel's most highly decorated graduates. While serving in Vietnam, General Mace was awarded the Distinguished Service Cross, our nation's second highest award for valor.

The first African-American cadet, the late Charles

D. Foster, Class of 1970, was admitted in 1966. Since that time, African-American graduates have gone on to distinguished careers in the military services, the public and private sector, and have served on the Board of Visitors of The Citadel.

## THE CITADEL TODAY

Numerous Citadel graduates have achieved prominence in many fields during recent years. John C. West, Class of 1942, served as Governor of South Carolina and the United States Ambassador to Saudi Arabia. Ernest F. Hollings, also Class of 1942, also served as Governor of South Carolina and currently serves as a United States Senator. Another member of the distinguished class, Alvah H. Chapman headed the Knight-Ridder newspaper chain, and is now President Emeritus of that corporation. Other graduates have held high office in the federal and state government, including, several U.S. ambassadors, and as general and flag officers in all branches of the Armed Forces. Dr. John M. Palms, Class of 1958, just retired at the president of the University of South Carolina. A span of the 14th Street Bridge over the Potomac River in Washington, D.C. is named for Arland D. Williams, Class of 1957, who died in the Air Florida crash in 1982. Williams gave his life to save the lives of five other passengers. In the Reagan administration, Langhorne A. Motley, Class of 1960, served as United States Ambassador to Brazil

and as Assistant Secretary of State for Latin American Affairs. One of the nation's most popular contemporary authors, Pat Conroy, is a graduate from the Class of 1967.

As always, Citadel alumni have continued to sacrifice for the nation in time of conflict. In the Grenada liberation, Captain Michael F. Ritz, USA, was killed in action and Captain Charles J. Schnorf, USMC, Class of 1981, died in the terrorist bombing of the U.S. Marine barracks in Beirut, Lebanon.

More recently, twenty-two cadets served with reserve and National Guard units in the Persian Gulf War. Captain Mario Fajardo, Class of 1984, was killed in that war while leading his engineer unit through an enemy mine field. Many other graduates served during this war, in both the regular and reserve components. Captain Caesar Rodriguez, USAF, Class of 1981, shot down two Iraqi MiG fighters in aerial combat. Captain Patrick M. McKenna, USA, Class of 1989, was killed in 1994 when his helicopter was shot down over Kurdish areas of Iraq. Another Gulf War veteran, Stephen Buyer, Class of 1980, serves as a member of the United States Congress from Indiana.

Nancy Mace, became the first female graduate in 1999. Petra Lovetinska, Class of 2000, a native of Czechoslovakia, became the first female cadet to receive a commission in the U.S. Armed Forces.

The ultimate test of any academic institution is the quality and character of its alumni. The record of

Citadel graduates has more than validated Governor Richardson's hopes of 1842 that the institution would produce useful citizens.

## IV. THE CADET SYSTEM

The purpose of the cadet system at The Citadel is to develop and graduate the "whole person."

The Citadel System matures, refines, trains, and schools the totality of one's character. This finely balanced process is called the "whole person" concept. During four years as a cadet you will be developed academically, physically, militarily, morally, and ethically.

## THE CITADEL

### The Military College of South Carolina

#### Leadership

Since 1842, The Citadel has molded individuals into leaders. As we enter a new millennium, The Citadel reaffirms its belief that the whole person is one who is worthy of the trust of others. The following qualities of leadership will be the guiding principles for The Citadel as we develop a new generation of leaders to serve their families, their communities, their professions, and their country.

#### *A Leader . . .*

*believes in an optimistic vision for the future.*

*motivates others to achieve.*

*demonstrates loyalty.*

*respects the rights of others.*

*sets a good example.*

*pursues excellence in all endeavors.*

*treats others with concern and civility.*

*demonstrates the courage to act responsibly.*

*possesses uncompromising integrity.*

*is devoted to duty and honor.*

These principles will guide our behavior and serve as our moral compass in all that we say and do.

Major General John S. Grinalds  
USMC, Retired

## THE FOURTH CLASS SYSTEM

The purpose of the Fourth Class System at The Citadel is to provide a base upon which a fourth class cadet may develop those qualities essential to a good leader. It is dedicated to the principle that no one is fit to lead who has not learned to follow. The system requires mental preparedness, physical conditioning, and self discipline and is conducted with impartiality.

### ADVICE TO THE INCOMING FOURTH CLASS

*The Guidon* is published every year as a source of information for fourth class cadets. As a member of the Class of 2006, you are highly encouraged to familiarize yourself with all of the information enclosed in *The Guidon*. Since these weeks will be filled with many activities, **it is necessary to learn as much of this information as possible before you report.** Once you arrive, you should read the Fourth Class System Regulations. Listed on page 59 are some items that you will be required to memorize in the first few weeks at The Citadel. The more of these that you have memorized before you report, the easier your training will be. These items compose what is known as "Knob Knowledge."

## PHYSICAL CONDITION

As an incoming fourth class cadet, you are strongly advised to be in the best physical condition possible. Because of the nature of a fourth class cadet's first weeks at The Citadel, it is important that you attain at least the minimum standards set by the administration.

### Minimum Standards

	<u>Push-Ups</u>	<u>Sit-Ups</u>	<u>2-Mile Run</u>
Male	42	53	15 min. 54 secs.
Female	19	53	18 min. 54 secs.

## CLOTHING AND BEDDING

The Director of Admissions sends each fourth class cadet a list of clothing, bedding, and other articles which you must bring with you. The Citadel laundry will mark clothing for you after your arrival.

A bedspread and a blanket will be issued to you. Cadets are not allowed to use fitted sheets. You will be taught how to make "hospital corners" with your straight sheets.

You are advised to break in your low quarter shoes by wearing them for at least two weeks prior to arrival. Breaking in your shoes will prevent painful blisters during the cadre training period. Begin to shine your shoes before you leave home. This will provide a good base of wax for shining to Citadel standards ("Spit-shine").

## A GUIDE TO CONDUCT AND WELL-BEING FOR THE FOURTH CLASS

The following is a practical guide for the general conduct and well-being of incoming fourth class cadets. You should read it thoroughly, for it contains the keys of success for a new cadet. The Fourth Class System requires constant effort to conform to Citadel traditions and standards. To assure your success as a Citadel cadet, keep the following advice in mind from the moment you enter campus. This will be your way of life. Upon taking the cadet oath you are a cadet recruit.

1. You are no longer a civilian. Certain answers

such as "yeah" and "ok" will no longer be part of your vocabulary. The five "knob answers" are, "Yes, sir/ma'am," "No, sir/ma'am," "No excuse, sir/ma'am," "Request better judgement, sir/ma'am," and "Request permission to make a statement, sir/ma'am." In all communication, you must refer to an upperclass cadet as "Mister . . ." or "Ms . . ."

2. When you receive an order, carry it out to the best of your ability. Arguments are never appropriate. You are expected to obey any legitimate order by an upperclass cadet.

3. Maintain proper posture and take pride in your appearance and bearing. If you should forget to stand erect, you will soon be reminded. Remember, you not only represent yourself, but also your company and the Corps.

4. The life of a cadet is far removed from your former way of living. A "lone wolf" will find it difficult to survive within the Corps. Your classmates are your only companions, since fraternization with upperclass cadets is prohibited. Start off right by getting acquainted with your classmates. However, never be afraid to ask an upperclass cadet a question; request permission first and you will find them ready and willing to assist you. When you are allowed to leave campus, it is best to go in a group so that no one will feel left out. These classmates are your sole source of support and aid at this time. They will be your friends for life.

5. You should always hold the highest esteem for the cadet uniform. For many years it has commanded

recognition and respect. Never injure that respect by acting in a manner that will reflect discredit upon you, the uniform, or The Citadel. Such actions would constitute a serious infraction of regulations and would dishonor the traditions of The Citadel.

The Regulations of The Citadel are contained in *The Blue Book*, which will be issued upon your arrival. You are encouraged to read *The Blue Book* so that you are aware of the rules that each cadet must follow. You will be tested on *The Blue Book* shortly after your arrival. You will also receive *The White Book* of functions and procedures and *The Red Book* (The Fourth Class System Manual).

## FOURTH CLASS WEEK

Cadets of the fourth class report for duty at least one week before the school term opens. Cadets from the upper three classes compose a training cadre to give the fourth class cadets their preliminary military training. During this week, the new class takes the cadet oath, becoming cadet recruits.

During cadre week, cadets are issued their uniforms and learn the fundamentals of military life, formations, marching, and rifle manual. Fourth class cadets also attend various academic meetings and receive instruction in the Honor System, Corps operations, and cadet traditions.

After this week of training and after the entire Corps returns, the fall term of classes begins. This may

seem to be the longest week of your lives, but do not be discouraged. You will soon become accustomed to cadet life, and all of your tasks will become second nature. Being successful during your "knob" year will give you a feeling of accomplishment unlike any other.

# Honor

The development of character and integrity in the members of the Corps of Cadets is a basic objective of The Citadel. The Cadet Honor Code and System is recognized as the means through which this objective is attained. *The Honor Manual* explains the details of the Honor System. Each cadet is obligated to abide by The Honor Code.

## THE HONOR SYSTEM OF THE CORPS OF CADETS

In a world of changing and declining moral values, one trait distinguishes individuals one from the other more clearly than race, gender, creed, or color. This trait is honor. Today, more than at any other time in history, the destiny of the world rests on the high hope we take from the honorable men and women among us.

The Citadel has one of the strongest and most stringent honor systems in the United States. At many other institutions, honor systems have not worked. Honor is here at The Citadel. Those activities of your past life that were less than honorable must be forgotten. Habits and actions that would in any way compromise the honor of The Citadel and your personal honor must be remedied prior to entering the gates of The Citadel. Honor must be accepted by all. Those individuals who remain indifferent to the Honor System will be asked to resign from The Citadel. The penalty for an honor

violation is harsh, but the reasoning behind the honor code is sound. Honor cannot be measured in degrees. You are either honorable or you are not. The concept of honor is meant to be carried away with The Citadel cadet after graduation. Situations arise when truthful statements and honorable actions may be depended on by those individuals whose very lives may be at stake. Seek honor and make it your creed. Your alma mater will give you many rewards if you measure up to her stern standards—a fine education, a healthy body, and lifelong friends. But her greatest reward is reserved for those among you for whom The Citadel and honor shall be synonymous.

## THE HONOR MANUAL

OF THE  
CORPS OF CADETS

2002

THE CITADEL  
THE MILITARY COLLEGE OF SOUTH CAROLINA  
CHARLESTON, S. C.

## THE HONOR CODE

The Honor Code is a code of, by, and for the Corps of Cadets. It states that "a cadet does not lie, cheat, or steal, nor tolerate those who do." The purpose of The Honor System is to maintain honor and integrity within the Corps. There are four violations of the Honor Code:

I. Lying: Making a false official statement. An official statement is defined as a statement, written or oral, made to a commissioned officer of the staff or faculty of the college, a member of the guard, or any cadet required in turn to use the statement as a basis for an official report in any form.

II. Cheating: Receiving or giving aid on a test or examination. Plagiarism is also a violation of the Honor Code.

III. Stealing: Taking without authority personal, government, or college property.

IV. Toleration: Failure to report a violation of the code. Failure to report a case of lying, cheating, or stealing as defined above to the Honor Committee authorities.

## THE HONOR COMMITTEE

An Honor Committee comprised of first class cadets is elected by the Corps of Cadets—two from each company and one from each battalion. All reports of violations of the Honor Code, investigations thereof, and the proceedings of any trials held will be kept confidential by members of the Honor Committee.

## THE HONOR COURT

1. *The Honor Court*: For the trial of such cases as are authorized to come before it, the Honor Committee shall function as an honor court. The honor court shall be the sole and final agency for determining whether a cadet has violated the honor code.

2. *Composition of the Honor Court for Trial Purposes*: For the trial of such cases as may be brought before it, the honor court shall consist of 10 members drawn from the honor committee or a substitute classmate. In case of leniency, the chair will abstain to avoid the possibility of a tie.

## **The Alma Mater**

Oh, Citadel, we sing thy fame  
For all the world to hear,  
And in the paths our fathers showed us  
Follow without fear.  
Peace and Honor, God and Country,  
We will fight for thee.  
Oh, Citadel, we praise thee now  
And in Eternity.

Oh, Citadel, though strife surrounds us,  
We will ever be  
Full conscious of the benefits  
That we derive from thee.  
Stand forever, yielding never  
To the tyrant's Hell  
We'll never cease our struggles for  
Our mighty Citadel.

(Cadet A. Preston Price, '43)

## **The Cadet Prayer\*\***

Almighty God, the source of light and strength, we implore Thy blessing on this our beloved institution, that it may continue true to its high purposes.

Guide and strengthen those upon whom rests the authority of government; enlighten with wisdom those who teach and those who learn; and grant to all of us that through sound learning and firm leadership, we may prove ourselves worthy citizens of our country, devoted to truth, given to unselfish service, loyal to every obligation of life and above all to Thee.

Preserve us faithful to the ideals of The Citadel, sincere in fellowship, unswerving in duty, finding joy in purity, and confidence through a steadfast faith.

Grant to each one of us, in his (her) own life, an humble heart, a steadfast purpose, and a joyful hope, with a readiness to endure hardship and suffer if need be, that truth may prevail among us and that Thy will may be done on earth. \*Through Jesus Christ, Our Lord. Amen.

(Composed for the Centennial  
by Bishop Albert S. Thomas, Ret.,  
First Honor Graduate, Class of 1892)

## Citadel Cadet Creed

I will always endeavor to uphold the prestige, honor, and high *esprit de corps* of The Citadel and The South Carolina Corps of Cadets.

Never shall I fail my comrades. I will always keep myself mentally alert, physically tough, and morally straight, and I will shoulder more than my share of the task whatever it may be.

Gallantly will I show the world that I am a well-trained cadet. My courtesy to superior officers, neatness of dress, and care of equipment shall set the example for others to follow.

And under no circumstances will I ever bring discredit to The Citadel and The South Carolina Corps of Cadets.

(Brig. Gen. James E. Mace, USA, Ret., '63  
Adapted from U.S. Army Rangers  
75th Infantry Regiment)

## DEFINITIONS

WHAT DOES IT MEAN TO BE A LADY OR GENTLEMAN? It is to be honest, to be gentle, to be generous, to be brave, to be wise and, possessing all these qualities, to exercise them in the most graceful outward manner.

WHAT IS HONOR? Sir/Ma'am, honor is the most cherished principle of the cadet's life.

WHAT IS DUTY? Sir/Ma'am, "Duty is the sublimest word in the English language." (General Robert E. Lee)

WHAT IS DISCIPLINE? Sir/Ma'am, discipline is the state of order or obedience, derived from training that makes punishment unnecessary.

WHAT IS THE CITADEL? The Citadel is an institution of higher learning to mold our minds, morals, and bodies so that we may be fit officers and better civilians of our country. More than that, however, it is a fortress of duty, a sentinel of responsibility, a bastion of antiquity, a towering bulwark of rigid discipline, instilling within us high ideals, honor, uprightness, loyalty, patriotism, obedience, initiative, leadership, professional knowledge, and pride in achievement.

WHAT IS HAZING? Hazing is prohibited.

Hazing is defined as a wrongful striking, an unauthorized laying hand upon, threatening with violence, or offering to do bodily harm by any student to another student or any other unauthorized treatment by one student toward another student of a tyrannical, abusive, shameful, insulting, or humiliating nature; or otherwise requiring any student to perform any personal service for another student except as specifically provided for cadets in the Fourth Class System or Cadet Regulations.

WHAT DO KNOBS OUTRANK? Sir/Ma'am, the President's cat, the Commandant's dog, and all the captains at VMI, Sir/Ma'am!

WHERE IS THE FOOD? It's on the road, Sir/Ma'am! WHAT ROAD? The road to the haven of culinary atrocities!\* (\*—The correct answer to an upperclass cadet's question when a particular item of food has gone back to the kitchen for refill.)

WHY DO KNOBS COME TO THE MESS HALL? Sir/Ma'am, three times a day and even more often, the highly esteemed upperclass cadets of this, our beloved institution, discover that their gastric juices are running wild and their large intestines are craving victuals. It is altogether fitting and proper, as well as obvious and natural, that it behooves the lowly knob to come to the mess hall in order to ensure that the upperclass are properly served.

WHAT TIME IS IT? Sir/Ma'am, I am deeply embarrassed and greatly humiliated that due to unforeseen circumstances over which I have no control, the inner workings and hidden mechanisms of my chronometer are in such inaccord with the great sidereal movement by which time is commonly reckoned that I cannot with any degree of accuracy state the exact time, Sir/Ma'am. But without fear of being very far off, I will state that it is \_\_\_\_\_ minutes, \_\_\_\_\_ seconds and \_\_\_\_\_ ticks after the \_\_\_\_\_ hour, Sir/Ma'am! (By your wrist watch.)

WHAT IS THE DEFINITION OF LEATHER? Sir/Ma'am, if the fresh skin of an animal, cleaned and divested of all hair, fat, and other extraneous matter, be submerged in a dilute solution of tannic acid, a chemical combination ensues; the gelatinous tissue of the skin is converted into a nonputrescible substance impervious to and insoluble in water. This, Sir/Ma'am, is leather.

HOW IS THE COW? Sir/Ma'am, she walks, she talks, she's full of chalk, the lacteal fluid extracted from the female of the bovine species is highly prolific to the 'nth\* degree! (\*Number of glasses of milk remaining in carton or pitcher, when asked by an upper class cadet.)

WHAT IS FRATERNIZATION? Sir/Ma'am, fraternization is defined as association in a close or intimate manner. Fraternization between upper class cadets and fourth class cadets is not authorized.

## SCHOFIELD'S DEFINITION OF DISCIPLINE

"The discipline which makes the soldiers of a free country reliable in battle is not to be gained by harsh or tyrannical treatment. On the contrary, such treatment is far more likely to destroy than to make an army. It is possible to impart instruction and to give commands in such a manner and such a tone of voice to inspire in the soldier no feeling but an intense desire to obey, while the opposite manner and tone of voice cannot fail to excite strong resentment and a desire to disobey. The one mode or the other of dealing with subordinates springs from a corresponding spirit in the breast of the commander. One who feels the respect which is due to others cannot fail to inspire in them regard for oneself, while one who feels, and hence manifests, disrespect toward others, especially one's inferiors, cannot fail to inspire hatred against one's self."

— Major General John M. Schofield,  
addressing West Point Cadets, 1879

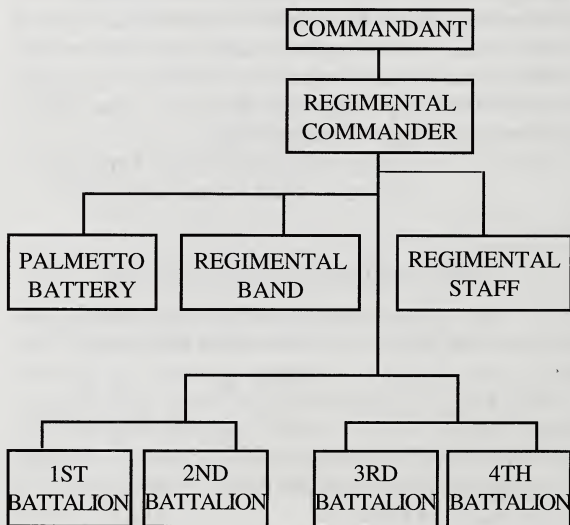

## MILL ON DEFENDING THE NATION

"War is an ugly thing but not the ugliest of things; the decayed and degraded state of moral and patriotic feelings which thinks that nothing is worth war is much worse. A man who has nothing for which he is willing to fight, nothing which is more important than his own personal safety, is a miserable creature and has no chance of being free unless made and kept so by the exertions of better men than himself."

— John Stuart Mill

## ORGANIZATION OF THE CORPS OF CADETS

The South Carolina Corps of Cadets constitutes a regiment. It is commanded by a cadet colonel with the direct supervision and advice of the Commandant and the tactical officers. Under the cadet colonel's control are the Regimental Band, the Pametto Battery and four battalions. Each battalion is, in turn, commanded by a cadet lieutenant colonel who is in charge of one of the four barracks in which the cadets are billeted. In each battalion are four companies, each commanded by a

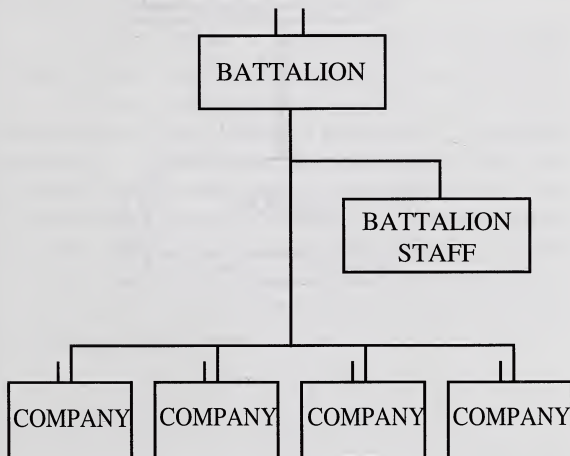

cadet captain. The company is the basic administrative unit to which the new cadet will be assigned. Each company is divided into three platoons, each one under the supervision of a cadet second lieutenant. The platoons are further subdivided into three squads headed by a cadet sergeant. The squads are the smallest units within the Corps.

It behooves each incoming cadet to become thoroughly familiar with the above organization of the Corps, an integral part of the military system at The Citadel.

**Cadet rank insignia, cadet TO&E, and the insignia of the United States Armed Forces is located in the back of the book for easy access.**

## ADDITIONAL MILITARY INFORMATION

### GENERAL GUARD ORDERS

"Guard is one of the oldest traditions of The Citadel."

All Citadel cadets are required to memorize, understand, and comply with the following general orders:

1. I will guard everything within the limits of my post and quit my post only when properly relieved.

2. I will obey my special orders and perform all my duties in a military manner.

3. I will report violations of my special orders, emergencies, and anything not covered in my instructions to the commandant or the relief.

Special Orders: Special orders cover specific duties of each member of the guard. See guard orders.

When a member of the guard is asked by an inspecting officer, "What are your orders?" the proper answer is, " Sir/Ma'am, My orders are of the two classes: general and special. My general orders are, number one: I will guard everything within the limits of my post and quit my post only when properly relieved. Number two: . . . , " Continue to recite your general orders until stopped by the officer or until you have recited all of the general orders.

## **POLICY ON SEXUAL HARASSMENT**

All employees and students are entitled to a positive learning and working environment free of any type of harassment. The Citadel's administration has a zero tolerance for any form of sexual harassment or sexual violence. In severe instances, cadets or employees may be expelled or have their employment terminated.

### **Sexual Harrassment Defined\***

**Sexual harassment is unwanted sexual attention. It is usually repeated behavior but it could be one serious incident. It is frequently a display of power intended to demean, embarrass, intimidate or coerce a person. It includes but is not limited to unwanted requests or demands for sexual favors, propositions, questions about a person's sexual practices, lewd comments, leering, sexual insults or innuendos and sexually explicit jokes. It also includes unwanted touching, fondling, patting, pinching or kissing, as well as blocking a person's way. Sexual graffiti and sexually explicit pictures, cartoons or objects can also constitute sexual harassment. Although some forms of sexual harassment may be unintentional, words and behaviors such as those described above may be harassing when viewed or heard by others. Words which are demeaning to one gender, such as calling men and women by names for body parts or calling women derogatory names is also a form of sexual harassment.**

Both men and women can be sexually harassed although women are most often the targets of sexual

harassment. Sexual harassment can also occur between members of the same sex.

(\*Only boldface print, above, must be memorized.)

## **Other Types of Discrimination or Harassment**

The Citadel expressly forbids discrimination by or toward any person hired by, affiliated with, or a student at the college because of race, color, religion, sex, or national origin. This includes peer-on-peer harassment.

NOTE: Details on reporting cases of discrimination or harassment can be found in *The Blue Book* (cadet regulations).

## **Code of Conduct**

The Citadel has a long standing tradition of producing courteous and professional graduates of the highest caliber. In order to maintain its position of respect and esteem in the community, it is of great importance that our students reflect well upon the school. Nowhere is the Corps more vulnerable to praise or criticism than at the many Citadel sponsored athletic and cultural events held for the Corps and community each year. It is therefore of paramount importance to your school that Citadel Cadets present themselves in a manner befitting the school's great reputation.

Student participation is crucial to the success of all Citadel sponsored programs. While we expect and appreciate cadet enthusiasm and active participation in

these events, we can not and will not tolerate behavior unbecoming of a Citadel Cadet. Remember that athletes and performers are at these events to entertain you, and that each puts much time and effort toward perfecting their craft. It is therefore not fair or reasonable to give them any less consideration than we ourselves would expect in their place.

Remember that when you wear the uniform of a Citadel Cadet, or the ring of a Citadel graduate, it is incumbent upon you to set the example for the rest of society to follow. Whenever you attend a public function, all eyes are on you. Ask yourself what you want the world to see.

*(Adapted with permission from the Southern Conference Code of Spectator Conduct)*

## V. CUSTOMS AND TRADITIONS

The customs of the Corps are the outward manifestations of its inherent character. The strict observance of these customs has for its objective the perpetuation of the Corps' pride, spirit, and morale.

### THE CAP DEVICE

The cap device changed several times between 1842 and 1910, but since the latter date, except from 1933 to 1937, it has remained the same as it appears on Citadel caps today.

The cap device consists of the palmetto tree, which appears on the South Carolina state flag, and two shields taken from the Seal of the State of South Carolina. The inscription "The Citadel" is located between the top of the shields and the lower branches of the palmetto. At the bottom of the device is the date 1842, the year The Citadel was founded.

In the shield on the right of the large palmetto are a small palmetto tree, two small shields, one on each side of the tree, and the date 1776. At the top of the exergue are the words "South Carolina" and at the bottom of the same, the words *Animis Opibusque Parati*, meaning "Prepared in mind and resources."

The shield on the left side of the large palmetto has the figure of a woman walking on the seashore over swords and daggers. In her right hand she holds a laurel branch, and she is looking toward the sun just rising above the sea. The words *Dum Spiro Spero* meaning "While I Breathe I Hope," are inscribed at the summit of the shield and *Spes*, meaning "Hope," is inscribed within the field below the figure.

### THE CITADEL RING

The Citadel ring signifies a host of accomplishments. Not only does it symbolize a partial history of the State of South Carolina and The Citadel, but also it relates the ideals for which the college was founded. Almost every feature of the ring is symbolic of a goal or an attainment of past members of the South Carolina Corps of Cadets.

The oval crest of the ring is dominated by a reproduction of the palmetto, the state tree of South Carolina. Also, it represents the "Palmetto Regiment," a military body trained by Citadel cadets and sent from South Carolina to fight in the Mexican War. Third, it represents a fort on Sullivan's Island built from palmetto logs, which successfully resisted many British men-of-war during the Revolutionary War. The two oval shields at the base of the palmetto tree are miniature replicas of the state shield. The shield inscriptions are accurate and readable with a low-power glass.

On the right shank of the ring, the star commemorates the shelling of the Union supply steamer "The Star of the West" and memorializes all those Citadel cadets and graduates who have died in defense of their country. The United States and South Carolina colors depict the unity and coordination between South Carolina and the federal government. To serve the dual purpose of representing the artillery, one of the two original branches of military instruction given during the early years of The Citadel, and as a connecting link between the old Citadel of Marion Square and the Greater Citadel of today are the cannon balls on the bottom of this shank. In front of the barracks at Marion Square was a pile of Civil War cannon balls. Adopted as a part of The Citadel ring, they bind the new college with the spirit and tradition of the old.

On the left shank of the ring a rifle, saber, wreath, and a 30-caliber bullet can be seen at a glance. Upon

closer observation, an oak leaf is noted in the background of the muzzle of the rifle, and by the tip of the sword is a spray of laurel. Although difficult to discern, the oak leaf is one of the most powerful motifs of the ring; it stands for the oak tree and its characteristic attributes of strength and endurance. Of equal importance in a world torn by perpetual military conflict is the concept of victory blessed by peace, represented by the laurel and the wreath respectively. By means of most of

these symbols, some of the ideals and concepts upon which The Citadel was founded and has endured are presented artistically.

The rifle and the 30-caliber bullet symbolize the infantry, the other original department of military science at the college. Since duty and responsibility have their reward at The Citadel, that of being appointed a cadet officer in the first-class year, these ideals, too, are embodied in the ring by the sword, the symbol of the cadet officer.

An interesting tradition which has evolved in connection with the ring is the different manner in which it is worn by cadets as distinguished from alumni. Since cadets are eligible to wear rings upon becoming academic first class cadets, they wear them with the class numerals facing towards the wearer. After graduation exercises, however, the rings are turned about.

The Citadel ring was standardized in 1940 by the Ring Committee with the approval of the Classes of 1940, 1941, and 1942. Standardization brings two distinct advantages. First, it makes The Citadel ring easy to recognize, since all graduating classes wear the same type of ring, and secondly, it denotes not a member of a certain class, but a Citadel graduate.

## **THE MINIATURE RING**

The Citadel miniature is of great significance. Many cadets present this miniature to someone very special at the annual Ring Hop and in some cases it is used as an engagement ring. It may be purchased by the cadet at the beginning of the first class year or at any later date if so desired. It is smaller than the class ring, but is identical in all other respects.

## **THE REGIMENTAL COLORS**

On April 14, 1939, the late Senator Burnet R. Maybank, then Governor of South Carolina, attached battle streamers to the pike of the regimental colors signifying that the Corps of Cadets had participated as a unit in several engagements during the War Between the States. The streamers, one for each engagement, include "Star of the West," January 9, 1861; "Wappoo Cut," November 1861; "James Island," June 1862; "Charleston and Vicinity," July to October 1863; "James Island," June 1864; "Tulifinny," December 1864; "James Island," December 1864 to February 1865; "Williamston," May 1, 1865. A gray streamer bearing the white inscription "Confederate States Army" is also attached to the pike. These colors, accompanied by the national colors, are carried in parades and reviews by a color guard made up of three color sergeants and two color corporals.

## FLAGS

Garrison Flag, 38 feet X 20 feet - used for holidays and specified important occasions.

Post Flag, 17 feet X 9 feet - for general use.

Storm Flag, 9 feet X 5 feet - used for stormy or windy weather. Interment Flag, same size.

The regiment carries three flags known respectively as the national, state, and regimental colors or standards. Each battalion carries a red battalion flag.

Guidons are blue, swallow-tail flags carried by each company with the letters "SCCC" and company letter on each. The only exception is the Palmetto Battery Guidon which is red with the Artillery Branch symbol.

**The Red South Carolina Flag ("Big Red")**—What you are seeing is "Big Red," the official spirit flag of The Citadel Corps of Cadets. This flag has been associated with the college since the beginning of the Civil War.

In the week following South Carolina's withdrawal from the United States in December 1860, a variety of "secession flags" were sewn and flown throughout the new republic. One such banner—a red flag with a white palmetto in its center—was presented to a company of Citadel cadets stationed on Morris Island by the ladies of Hugh E. Vincent's family. Mr. Vincent owned much of the island, which is on the south side of the entrance to Charleston harbor.

The cadets manned a sand battery of four cannons, and their mission was to protect the harbor and prevent US ships from resupplying the Union troops sequestered at Fort Sumter. When the *Star of the West*, an unarmed commercial steamer, entered the harbor on the morning of January 9, 1861, Cadet George Edward Haynesworth of Sumter fired the first hostile shot of the accelerating conflict between the North and South. Above the battery, according to the captain of the *Star of the West*, flew the red flag with the white palmetto.

After the Civil War this red and white palmetto flag seems to have disappeared for almost a century. In the fall of 1960, it was used as a guidon by that year's honor company (Romeo) in anticipation of its reenactment of the firing on the *Star of the West* on January 9, 1961. As best determined, this is when the term "Big Red" was first used to describe the flag, as it was much larger than the normal guidon.

In recent decades, "Big Red" has been flown by the Touchdown Cannon Crew who fires the cannons each time The Citadel's football team scores. Since 1989, it has replaced the Confederate Naval Jack that

the Cadets once waved at sporting events. You can also see "Big Red" flying daily near the center of The Citadel campus at the north end of the parade ground.

## **PERSONAL HONORS AND SALUTES**

The salute to the Union, consisting of one round for each state, is fired on July 4, at every post provided with suitable artillery. The national salute and the salute to a national flag are twenty-one-gun salutes.

Music is considered an inseparable part of a gun salute and follows the ruffles and flourishes without pause. The National Flag will not be dipped by way of salute or compliment. The Regimental color or standard will dip when the rank of the reviewing officer is that of a brigadier general or equivalent or above. During the playing of ruffles and flourishes and other music of the salute, all persons will stand at attention and salute, if in uniform. If in civilian clothes, remove hat, stand and salute with right hand over heart.

Personal honors and salutes are as follows:

### Officials/Guns/Music

## THE UNIFORM

The Citadel uniform is symbolic of an institution which for more than 150 years has maintained an enviable standing in the military and scholastic circles of the nation. Fourth class cadets will immediately be taught that it is a privilege to wear the uniform, and that it will be worn properly at all times. Page 99 and following plates illustrate the different cadet uniforms.

### SIGNIFICANCE OF THE BRASS BUTTONS

Over a period of more than 150 years, a comradeship has developed between the Washington Light Infantry and the Corps of Cadets of The Citadel. As a result, the brass buttons worn on The Citadel hats, full dress uniform blouses, and overcoats are exact replicas of those worn on the W.L.I. dress uniform. To appreciate this comradeship one must know the important part played by the W.L.I. in the history of The Citadel. The first significant event occurred in 1843, when members of the W.L.I., serving as part of the guard of the old Citadel, were relieved by the new guard composed of Citadel cadets. On April 20, 1844, the W.L.I. assisted in the burial services of The Citadel's first superintendent, Captain W. F. Graham. At the W.L.I.'s annual celebration, February 22, 1957, the Corps was honored by being presented with a set of colors. It is interesting to note that the W.L.I., upon invitation, participated in the 1875 celebration of the Battle of Bunker Hill, thus becoming the first Confederate unit to participate in a federal celebration. The following year, the unit took

part in the centennial celebration of American Independence at Philadelphia. Members of the W.L.I. were instrumental in formulating the plans for the reopening of The Citadel after the U.S. military occupation, 1865-1882. On February 22, 1879, they dedicated their annual celebration of Washington's Birthday to The Citadel, and on each February 22nd since, cadet officers have been W.L.I. dinner guests.

In 1936 and 1937, members of the W.L.I. were present at both the laying of the cornerstone and the dedication of Summerall Chapel. They participated in The Citadel centennial anniversary in 1943 and during the sesquicentennial's Tattoo in 1993, in which both the Corps and the members of the W.L.I. reenacted the historic 1843 changing of the guard. A marble tablet in Bond Hall commemorating a century of affiliation was erected by the W.L.I.

### ARCHIVES AND MUSEUM

The Citadel Archives was founded in 1966 when General Mark W. Clark donated the papers relating to his military career. Today, there are over three hundred collections in the archives which pertain to The Citadel or have military significance. Some notable collections include the Civil War letters of 1857 Citadel graduate General Ellison Capers and the papers of Pulitzer Prize winning historian, Bruce Catton. Authors and scholars from the United States and Europe frequently visit the archives to research the collections. Located on the third floor of the Daniel Library building, the archives is open 8:30-5:00 Monday through Friday.

The museum features the history of The Citadel from its founding in 1842 to the present day. Photographs from the archives highlight the exhibits which portray the social, military, academic, and athletic aspects of cadet life. Citadel rings from 1895 to the present are exhibited. Citadel graduates, who lost their lives in wars since World War II, are memorialized in photograph albums in the museum. The entrance to the museum is on the South side of the Daniel Library building. The hours are Sunday-Friday 2:00-5:00 and Saturday 12:00-5:00. There is no charge for admission. The museum is closed for college, religious, and national holidays. Visit online at [www.citadel.edu/archivesandmuseum](http://www.citadel.edu/archivesandmuseum)

**BOND HALL**, named for Colonel O. J. Bond, ninth president of The Citadel, is the main academic and administrative building. It was completed in its present form in 1939. The two wings of Bond Hall were finished in 1922 when the Greater Citadel was built, and since that time numerous additions have completed the building. This building underwent a two year renovation and was reopened during the summer of 1993.

**BYRD HALL**, the chemistry-geology building, is named for Colonel R. M. Byrd, '23, who served as head of the Chemistry Department from 1945 to 1956 and as academic dean from 1956 to 1966. It houses classrooms, offices, laboratories, service areas for professors, and a library. It also contains a 175-seat auditorium named in honor of Colonel Samuel A. Wideman, '29, who was head of the Chemistry Department from 1956 to 1968.

**CAPERS HALL** is named in honor of two brothers: Brigadier General Ellison Capers, C.S.A., Citadel, Class of 1857 and former Chancellor of the University of the South, and Major Francis W. Capers, Superintendent of The Citadel from 1852 to 1859. It houses classrooms, and offices for English, Mathematics, History, Modern Languages, Political Science,

Education, and Psychology Departments. The south wing of Capers Hall was dedicated to the memory of Mr. Rodney Williams at the request of his wife, a strong Citadel benefactress.

**THE DANIEL LIBRARY**, named for Mr. C.E. Daniel, '18, and Mr. R.H. Daniel, '29, provides resources, services, and an environment that support the teaching, learning, and research requirements of the cadets, students, faculty and staff.

The Daniel Library collection consists of nearly 316,000 volumes, 1400 journal subscriptions, and 800 video tapes, and is a federal document depository library with more than 100,000 documents accessible through the on-line catalog. The Daniel Library is fully automated and is part of the campus local area network (LAN), providing in-library or remote access to all electronic resources. From the library's World Wide Web home page, users may access twenty-three electronic periodical indexes, plus many of the sixty databases available via OCLC FirstSearch, supporting all disciplines; The Citadel's on-line catalog; catalogs of libraries all over the world; periodical holdings of all Charleston area libraries; electronic periodicals and newspapers; and may request books and articles from other libraries. To complement library holdings, full access to on-line services such as Dialog, BRS, Wilsonline, and Westlaw is available. Full access to the Internet is available from Daniel Library, providing limitless access to information. Interlibrary Loan and

Document Delivery service is available to students and faculty at no cost, permitting access to this wealth of information. Another strength of the library is its collection on military history.

To enable cadets to make the best use of the array of resources and services available to them, Daniel Library provides a variety of research instruction classes designed to meet research and information needs. The fourth class cadets' Instruction Program teaches them to access and use library resources and services and provides instruction in using the campus computer network, Coastnet, Internet, and other electronic resources. Course-specific research classes focus on unique information needs of each cadet and are designed to address specific research requirements of the course.

The library's Rare Book Room houses a collection of valuable books, faculty and alumni publications, and Citadel publications.

Portraits of Citadel presidents and distinguished alumni are located throughout the library to provide inspiration and to promote a sense of tradition and history among the Corps of Cadets. Eight large murals depict glorious events from the history of the Corps and its part in the history of our nation.

Director, Lt. Col. Angie W. LeClercq, B.A., Duke University; M.L.S., Emory University; J.D., University of Tennessee.

**DUCKETT HALL**, named for Major General James W. Duckett, Citadel '32, president of The Citadel from 1970-1974, provides modern classrooms, labora-

tories, and offices for the Biology Department. The building is three stories high, centrally air conditioned, with a greenhouse and an animal house on the roof. Architecturally, the building follows the same Spanish-Moorish style as do most of the other buildings on campus.

**GRIMSLEY HALL** replaced Alumni Hall in 1991. The building is named in honor of Maj. Gen. James A. Grimsley, Jr., the 16th president of The Citadel and 1942 graduate of The Citadel. The building is situated facing the north side of Summerall Field.

Grimsley Hall houses both the Physics and Electrical Engineering Departments, Copeland Auditorium, a large theater-auditorium, computer room, and extensive laboratories. Grimsley Hall provides a modern and complete educational environment among the best available in the Southeast.

**JENKINS HALL**, situated next to Thompson Hall, is named for Brigadier General Micah Jenkins, C.S.A., Citadel, Class of 1854, who founded King's Mountain Military School in Yorkville, South

Carolina. Jenkins Hall houses the Departments of Aerospace Studies, Military Science, and Naval Science, the offices for Air Force, Army, Marine and Navy ROTC,

the Commandant's office, classrooms and supply rooms. In addition, the Cadet Corps' arms room is in Jenkins Hall.

**LeTELLIER HALL** was constructed in 1937 and was named for Colonel Louis Shepherd LeTellier, who became acting president of The Citadel after General Charles P. Summerall retired in 1953. Colonel LeTellier held the office of president until replaced by General Mark Clark in 1954. In this building are located all the offices, classrooms, and laboratories of the Civil Engineering Department. The latest equipment and one of the largest hydraulic testing machines in the South have been installed in the laboratories. LeTellier Hall also has an excellent engineering library for supplementary study.

**MARK CLARK HALL** was built in 1957 and named for General Mark W. Clark. The building houses The Citadel gift shop, reception room, barber shop, pool room, snack bar, and post office on the first floor. The offices of Cadet Activities and the Cadet Publications Center are located on the second floor along with the Greater Issues Room, the Fourth Class Lounge (Room 220), the auditorium, and various meeting rooms. The third floor of the building has a Catholic chapel, the office of the Catholic chaplain, the office of the Episcopal chaplain, the Honor Court, and quarters for distinguished guests of The Citadel.

**THE MARY B. MURRAY MEMORIAL INFIRMARY** was named for the wife of Mr. A.B. Murray, who donated funds for the construction of the infirmary. Opened in 1923, it contains hospital facilities,

including wards and private rooms for the isolation of cadets with contagious diseases. The Citadel maintains a full-time physician and part-time physician, who are assisted by a staff of registered nurses, one of whom is on duty at all times.

**COWARD HALL**, opened in 1991, replaced the dining facility named for Colonel Asbury Coward, C.S.A., Citadel, Class of 1854. It is located behind Padgett-Thomas Barracks and overlooks the Ashley

River. Additional dining rooms plus rehearsal rooms for the Band, Bagpipes, and Chorale are located on the second floor.

**SUMMERALL CHAPEL** was erected during 1936-1937. Cruciform in design, the Chapel is a sanctuary for worship and a shrine to patriotism, and remembrance. Since it is entirely nonsectarian, Summerall

Chapel can belong to no particular denomination. After

the completion of the Chapel, each of the classes (up through the Class of 1945) had the opportunity to purchase a window as a lasting memorial to its members. The class windows show the life of Christ in superb stained glass with each window depicting some important event in His life. The chancel window, located behind the altar, was dedicated in 1942 as a memorial to all Citadel cadets and graduates who have given their lives in their country's cause. It portrays exemplars and symbols of courage, sacrifice, religion, truth, duty, loyalty, patriotism, faith, charity, prayer, adoration, praise, and immortality. The facade and transept windows are made up of a number of units or "medallions," provided by families or friends of the men they commemorate. Only those who have been Citadel cadets and a few designated faculty and staff are so honored. The design of each of these medallions represents symbolically the person it commemorates.

Located around the interior walls of the Chapel are state and territorial flags. The Eternal Flame above the main altar also memorializes The Citadel's patriot dead. St. Alban's Episcopal Chapel is located in the north transept.

The inscription across the front of Summerall Chapel reading "Remember Now Thy Creator in the Days of Thy Youth" summarizes the spiritual atmosphere at The Citadel. The office of the Chaplain to the Corps is located in the rear of the chapel.

**THOMPSON HALL**, named for Hugh S. Thompson, Citadel, Class of 1865, twice Governor of South Carolina, Assistant Secretary of the U.S. Treas-

sury, and the Commissioner of the U.S Civil Service, recently renovated and reopened in 2001, houses the Center for Academic Enrichment and the Department of Math and Computer Science.

## ATHLETIC FACILITIES

**ALTMAN ATHLETIC CENTER**, adjacent to Johnson Hagood Stadium, was dedicated in October 2001. Made possible by a gift from the Altman family in memory of LTC William A. Altman, Jr., '31. This

facility provides brand-new home and visiting team locker rooms, plus a similar facility for officials, in the 4,100 square feet on the first floor. The 4,300 square feet on the second floor features custom hospitality space that overlooks Johnson Hagood Stadium from the south end zone.

**COLLEGE PARK**, leased from the City in 1966, served as home to The Citadel baseball team for over a quarter century, until the opening of Riley Park in 1997. College Park now serves The Citadel as a practice facility for the baseball team.

**DEASHALL** is the physical education building completed in the summer of 1976. It was named for Colonel A. 'Happy' Deas, Jr., '38. The two-story structure houses an 8-lane, 25 meter swimming pool, a basketball/multi-purpose court, handball courts, classrooms, development library, physiology laboratory, work-out room, offices for the Department of Health, Exercise, and Sport Science, showers, and a locker for each member of the Corps.

**JOHNSON HAGOOD STADIUM** is a steel and brick structure named for Brigadier General Johnson Hagood, Citadel, Class of 1847, who was chair of the Board of Visitors from 1877 to 1898. Finished in 1948, it has a seating capacity of 21,000. All home football games are played in this stadium, in which the Corps of Cadets has a special seating section.

**McALISTER FIELD HOUSE**, originally constructed in 1939, contains the offices of the Athletic Director and staff. Formerly known as The Citadel Armory, it was named for Colonel David S. McAlister, '24, on March 16, 1973. Its three basketball courts provide facilities for The Citadel's basketball program. Major renovations, completed during the sum-

mer of 1989, make this facility, with a seating capacity of about 6,000, a showcase for Citadel basketball and other campus and community events.

**RILEY PARK**, called "The Joe," is a 6,000 seat, city of Charleston, state-of-the-art facility named for the Honorable Joseph P. Riley, '64, Mayor of Charleston. The Citadel plays all of its home baseball games in this park, located just off the campus. The Citadel shares the facility with the Charleston Riverdogs Baseball Team, the Class A affiliate of the Tampa Bay Devil Rays.

**SEIGNIOUS HALL** was dedicated in 1982. It is named for Lt. Gen. George M. Seignious II, '42, who served as president of the college from 1974-1979. Housed in the modern structure are offices for the football coaching staff, weight-lifting and workout equipment and conference room. There is also sophisticated hydrotherapy equipment, a team meeting room, and other modern athletic devices. Accommodations for the trainer, staff assistants, and a doctor are contiguous to the treatment spaces.

**VANDIVER HALL** was dedicated in 1991. It is named for Col. Thomas C. Vandiver, '29. Col. Vandiver served on the Board of Visitors for 33 years and received an honorary Doctor of Law degree in 1979, followed by the Palmetto Award in 1986. The building is situated between Seignious Hall and McAlister Field House. The first floor provides dressing rooms for the soccer,

wrestling, track/cross country, and golf teams of The Citadel as well as offices for coaches for the various teams. Also on the first floor are shower facilities, locker rooms for women's athletic teams, and a conference room. The second floor holds a wrestling practice area, a golf practice area, and a batting area for the baseball team.

## **CADET BARRACKS**

There are four large barracks used to house the Corps of Cadets. Barracks and room assignments are based on the Company and Battalion to which each cadet is assigned.

## **MURRAY BARRACKS**

(1st BN) was built in 1999 and named for Andrew B. Murray, who donated the money to build the original Murray Barracks, built in 1926. The original barracks stood on the same site and was demolished in 1997, making way for the current building, which houses first battalion.

**PADGETT-THOMAS BARRACKS** occupied the space between Murray and Law Barracks. It was the oldest barracks on the campus, having been completed

in 1922. It was named for Colonel J. G. Padgett, a member of the Board of Visitors and an 1892 graduate, and for Colonel John Pulaski Thomas, Citadel, Class of 1893, member of the Board of Visitors from 1915 to 1949, and its chair from 1925-1949. The building, which served as a model for all the barracks, is designed so that the center is a pared quadrangle onto which each room opens, and in each of the four corners is a spiral stairway. Adjacent to the east sally port is the guard room. The dominant feature of the barracks is the tower which rises above the fourth story and overlooks the parade ground to the east. The barracks is currently being rebuilt and modernized and is scheduled to re-open and house second battalion again in the next several years.

**LAW BARRACKS** (3rd BN), named for Brigadier General Evander M. Law, C.S.A., Citadel, Class of 1856, was completed in 1939. This building was refurbished in 1977.

**WATTS BARRACKS** (4th BN) was built in 1996 as part of a long-range program to update cadet living quarters. This new barracks is named for Lieutenant General Claudius E. Watts III, '58, who served as The Citadel President from 1989-1996.

**STEVENS BARRACKS** (2nd BN) is the same size and design as Law Barracks. Because the rapidly expanding enrollment of The Citadel brought about the

necessity for additional quarters, funds were obtained in 1942 for its construction. This barracks was named for Major P. F. Stevens, Citadel, Class of 1849, superintendent of The Citadel from 1859-1861. Stevens Barracks is currently used as transitional quarters during the rebuilding of the remaining two barracks.

**BAND BARRACKS** is the temporary housing for the Regimental Band during the renovation of Padgett-Thomas Barracks.

### **CADET SERVICE BUILDINGS**

**CADET SERVICES CENTER**, adjacent to the laundry, is the site of the tailor shop and cadet store. It was completed during the summer of 1984 and provides greater convenience to cadets.

**COIN OPERATED LAUNDRY**, located behind LeTellier Hall, provides washing machines and clothes dryers for cadets, faculty, and staff. It is open from 0830 to 1915 hours, Monday through Sunday.

**THE CADET STORE**, located in the Cadet Services Center, sells clothing, uniforms, and insignia that cadets will need throughout their four years at The Citadel. Also in this complex is the Book Store, which stocks the textbooks used in the courses offered at the college. Operating hours are from 0800 - 1630, Monday through Friday.

**THE FRANK W. MUNNERLYN SNACK BAR**, referred to as the Canteen, was renovated in 1993 and named for Mr. Munnerlyn, '35, who donated the needed funds. It is located in the north wing

of the first floor of Mark Clark Hall. A wide range of breakfast and lunch menus are available, to include a bakery and deli corner. Fourth class cadets are allowed in the rear section of the snack bar anytime except during formations, drill periods, meals, and evening study periods. The hours of operation are Monday-Thursday, 0730-1930; Friday, 0730-2100; Saturday, 1000-2200; and Sunday, 1300-1700 hours.

**THE CITADEL GIFT SHOP ENTERPRISES**, located on the first floor of Mark Clark Hall, offers a large variety of gift and souvenir merchandise. The operating hours are 0800-1700, Monday-Friday and 0900-1400, Saturday.

**THE LAUNDRY**, located north of the new Mess Hall in the Cadet Services Center, maintains a full service laundry using modern equipment. A five-day service is available to cadets 0730-1600, Monday through Friday.

**THE PRINT SHOP**, located next to the warehouse, provides printing and graphic services to the college community. *The Guidon, Honor Manual, Blue Book, White Book, Red Book, The Shako, Gold Star Journal* and *Art of Good Taste* as well as other publications and printed materials are produced here. The Print Shop offers a variety of services in addition to printing which includes quick copy, booklet making, presentation slides, color copies, binding, hole punching, cutting, and more. The operating hours are 0730-1630, Monday through Friday.

**THE TAILOR SHOP**, located in the Cadet Services Center, offers all the services normally found

in a tailor shop. Fourth class cadets are fitted individually for each item of uniform issued them. In addition, cleaning, alterations, and repairs of all cadets' uniforms are performed here. The operating hours are 0730 - 1600, Monday through Friday.

## OTHER BUILDINGS

**THE THOMAS DRY HOWIE MEMORIAL CARILLON AND TOWER** were donated to The Citadel by two alumni, Charles E. Daniel, '18, and R. Hugh Daniel, '29, in tribute to their friend, Major Thomas Dry Howie, the famed "Major of St. Lo," who was killed in action during World War II. The Citadel carillon is one of the largest Dutch bell installations in the Western Hemisphere. It was cast in the famous Royal Bergen Bellfoundries at Heiligerlee, The Netherlands. The 59 bells, totaling 30,300 pounds in weight, vary in size from 25 pounds to the 4,400 pounds of the great Bourdon, as the lowest bass bell is called. A carillon is a set of bronze bells attuned to intervals of the chromatic scale with a possible range of seven octaves. The bells are hung in a stationary position and can be played from a concert keyboard of two manuals. The carillon is equipped with a Westminster chime to strike every quarter-hour. The Bell Tower is 90 feet high, topping the Chapel by 35 feet.

**THE COLONEL ROBERT McCORMICK BEACH HOUSE** is open the year around for the use of Citadel cadets, faculty, and staff. Located on the

ocean front of the Isle of Palms, the Beach House offers ample space for dances, parties, cookouts, and games. Col. McCormick was the publisher of *The Chicago Tribune* and a benefactor of The Citadel.

**FACULTY OFFICERS' QUARTERS** are available on campus for members of the faculty/staff. They include quadruplex homes, an apartment building, duplex apartments, and housing units for junior faculty officers.

**THE HOLLIDAY ALUMNI CENTER**, a new 30,000-square-foot facility, is named in honor of the John M.J. Holliday, '36 who served on The Citadel Board of Visitors for more than 30 years and, in

1992, gave the lead gift to build a center for alumni.

The Holliday Alumni Center houses alumni and fundraising organizations for The Citadel as well as a gift shop, visitors center, library, catering kitchen, banquet hall, and two courtyards. Each graduating class will have their senior dinner in the Courvoisie Banquet hall and be introduced to the Alumni Network.

The following are the named rooms in the Holliday Alumni Center:

**The McKissick Library** — Named for A. Foster McKissick III, '78, of Greenville, the library contains Citadel yearbooks, copies of books by alumni authors and other collectibles. The focal point of the library is the wood and glass doors etched with cadets from the 1800s and today.

**The Renken Dining Room** — Adjacent to the

banquet hall, the Renken Dining Room is a gathering place for special dinners, receptions and important meetings. The room leads into the private, walled Tilghman Courtyard. The room is sponsored by Carl E. Renken '58 and his wife, Helen, of Charleston in memory of Carl's brothers, Ralph E. Renken, '54, and R. Kenneth Renken, '48.

**The Courvoisie Banquet Hall** — The largest named area in the Holliday Alumni Center, the Courvoisie Banquet hall is a tribute to the former assistant commandant affectionately known as "The Boo." Thomas N. Courvoisie, '38, of Charleston touched the lives of many Citadel graduates. The effort to raise more than \$250,000 to complete the banquet hall was led by Pat Conroy, '67, Charles Eiserhardt, Jr., '68, and Gregg Smith, '70.

**The Tilghman Courtyard** — Enclosed with stucco walls and wrought iron gates which reflect the Spanish-Moorish architecture of the campus, the Tilghman Courtyard will be a favorite spot for quiet reflection. The courtyard honors the memory of the late Horace L. Tilghman, '41.

**The Alumni Courtyard** — Located between the Courvoisie Banquet Hall and the Corps of Engineers Building, the Alumni Courtyard features the red-and-white checkerboard design reminiscent of the quadrangles in cadet barracks. Many of the bricks will be engraved with the names of alumni, friends, cadets and others who are showing their support of the Holliday Alumni Center.

The building is located across from Johnson Hagood Stadium.

**THE STONEY HOUSE** is located on the corner

of Hagood Avenue and Huger Street just outside Hagood Gate. It houses the Placement Office, interview rooms, and the President Emeritus' Office.

**THE CITADEL FACULTY HOUSE**, located just outside of Lesesne Gate, is available to faculty and staff personnel for lunch and special catered functions.

**LESESNE GATE**, consisting of imposing limestone pillars and wrought iron gates, provides the main access to The Citadel campus. The gate is named for Thomas Petigru Lesesne,

Class of 1901, who was instrumental in the move of The Citadel from its original site on Marion Square to its present location. Located at this main entrance, is a gate house information center for visitors which also contains the office of The Citadel Provost Marshal.

**SUMMERALL GATE**, named for former Citadel President, General Charles Pelot Summerall, is located adjacent to Mark Clark Hall. It is one of Charleston's famous sword gates, whose companion is found at 32 Legare Street.

**THE CITADEL BOATING CENTER**, located on the Ashley River, has a fleet which consists of numerous small sailboats and power boats. All are available to cadets and staff and faculty with proper boater training and certification. Facilities consist of a club house, dockage, marine railway, sail loft, work area for maintenance repair of small boats, and boat storage for a small fee.

## CAMPUS MONUMENTS

### THE SERAPH MONUMENT

is a memorial consisting of relics from the H.M.S. *Seraph*, including the periscope and a forward torpedo loading hatch. Both the U.S. and British flags fly from the structure to symbolize that this English submarine was placed under the command of an American naval officer for a special mission during World War II. It is the only shore installation in the U.S. permitted to fly the Royal Navy Ensign. The H.M.S. *Seraph* also secretly landed General Mark Clark in North Africa for an intelligence mission. This monument is dedicated to Anglo-American cooperation during WW II.

### THE TAUBETA PI MONUMENT, OR "BENT,"

is a bronze replica of the emblem of the National Engineering Honor Society. Its supporting structure is the frustum of a pyramid of blue-gray granite, resembling in color the traditional cadet uniform. Located between the Daniel Library and Summerall Chapel, the "Bent" commemorates the Tau Beta Pi ideals of distinguished scholarship and exemplary character.

**THE BULLDOG MONUMENT** is a memorial dedicated to Maj. Sam M. Savas, Jr., '51, who died in Vietnam in October 1965. He served his alma mater as tactical officer from 1962 to 1965. As a cadet and while assigned to The Citadel, he so inspired Citadel cadets toward dedication to their alma mater that upon his death, cadet members of the Society of American Military Engineers determined to erect the monument in his

honor. It also contains a bronze plaque in memory of his naval aviator son, Lt. Sam M. Savas III, '79, who also died in service to his country in October 1985. The Bulldog Monument is made from brass belt buckles, waist plates, and breast plates collected from cadets. In 1966 the monument was unveiled. It is located on the southeast corner of McAlister Field House.

**STAR OF THE WEST MONUMENT** is dedicated to the memory of the cadets who fired on the *Star of the West* in 1861 and to all Citadel cadets and graduates who have died in defense of their country. Inscribed on the monument are the names of those cadets who have annually won the Star of the West Medal for individual drill competition. The monument was dedicated in 1961 and is located between Bond Hall and the central flagpole.

**BETA GAMMA SIGMA'S HONOR KEY** bronze replica is located in front of Bond Hall near the east entrance. *Beta Gamma Sigma* is an international honor society recognizing the outstanding academic achievements of students enrolled in collegiate business programs accredited by AACSB, The International Association for Management Education. This is a select group of over 1,400 educational institutions offering business and management degrees, only 300 are eligible to have *Beta Gamma Sigma* chapters.

**GENERAL CLARK'S GRAVE SITE** — By his choice and with the approval of the Board of Visitors and the General Assembly of South Carolina, Gen. Mark W. Clark was buried on The Citadel campus. He was the second man to serve as President Emeritus of The Citadel and is the only person buried on campus. The grave site General Clark selected is between Mark Clark Hall and Summerall Chapel, near the Carillon Tower.

### OTHER MONUMENTS

On the parade ground, there are monuments dedicated to each of the four services. They are a Marine Landing craft (LVT-H-6); an Army Sherman Tank (M4A3); an Army missile (Corporal); an Air Force Jet (F4-C Phantom II), flown by Lt. Gen. Ellie "Buck" Schuler, Class of 1959, USAF (Ret.), during the war in Vietnam; an AH-1 Cobra helicopter, and; a Navy anchor from the U.S.S. *Coral Sea*. A United States Coast Guard bell serves as a monument to Citadel cadets and graduates who have lost their lives upon the sea.

Along the Avenue of Remembrance and on Summerall Field (parade ground), memorial trees honor the memory of Citadel graduates killed in action. A small plaque by each tree gives the name of each graduate so honored.

Memorial plaques on Summerall Chapel list the names of all graduates killed in action in each war from the Civil War to the present.

For international students, the office provides a freshman orientation program, immigration advising, and help with personal and academic concerns. It also serves as a liaison with embassies, acts as an advocate for international cadets with campus offices and departments, organizes on-campus cultural programs, and sponsors international activities.

For American and well as international cadets, the office provides a variety of study abroad opportunities. In addition to studies abroad, the office provides pre-departure orientation and assistance in obtaining passports and study abroad insurance.

planning sessions are designated each semester during registration and preregistration.

**Career Services Center:** Provides career planning and placement services concerning career interests, labor market trends, employment requirements, resumé and letter writing, and interview techniques.

Interviews are arranged with visiting representatives from business and industry for prospective graduates. Numerous placement seminars are held throughout the year to help students prepare for the job-search process. The Career Services Center Library offers a variety of publications and information about companies, as well as material concerning job-search techniques.

The center also maintains a listing of The Citadel Alumni Career Network, a rich information source. These alumni have volunteered to be available to students who are seeking career information, and they can be the beginning of a valuable career network.

## ADVISORS:

*Tactical & Company Officers*—All cadet battalions and companies are appointed military advisors who are currently assigned to the Office of the Commandant. This officer or non-commissioned officer provides leadership training as well as counseling concerning cadet lifestyle, regulations, and sexual harassment. He or she also provides both practical and theoretical leadership training in the classroom, in the barracks, in the field, and on the parade ground.

*Company Academic Advisor*—Each cadet company is assigned a specially chosen member of the faculty or staff whose responsibility is the academic well-being of all cadets in that company. The advisor works closely with the tactical officer and the cadet academic officer to ensure that academic and military requirements are compatible and that cadets take advantage of academic opportunities available to them within the company.

*Both the Company Academic Advisor and the Tactical/Company Officer should be primary contacts for parents.*

*Cadet Academic Officers* play a key role in the academic performance of the entire company, particularly fourth class cadets. Working with the regimental, battalion, and company academic levels, these cadets carry out periodic coordination meetings on study skills and resources and other matters of importance to the fourth class cadets throughout the year. They also coordinate and monitor a tutorial system which makes use of cadet volunteers who have demonstrated expertise in particular academic areas.

## IX. ATHLETICS

The Citadel offers a diversified program of athletics which varies in performance level from the required physical education, intramural athletics and sports club components (conducted by the Department of Health, Exercise, and Sport Science - HESS) through 18 varsity teams in Southern Conference competition (conducted by the Department of Intercollegiate Athletics, Les Robinson, Director).

The Citadel encourages every cadet to participate in some form of athletics in which he or she is interested and through which he or she may develop mind, body, and spirit.

The Citadel has completed a five year plan establishing varsity sports for women based on their interest and talent, as well as the availability of competition, to sustain viable teams.

### SOUTHERN CONFERENCE SPORTS

**Football** - Citadel football is a unified team effort in which both the players and cadet spectators give an all-out performance. Experienced and competent coaches provide the coaching expertise while the Corps provides plenty of the necessary spirit. The Corps of

Cadets supports the team in various ways by attending pep rallies, making banners, and cheering at the games. Coach: Ellis Johnson.

**Basketball** - McAlister Field House with a seating capacity of 6,000 is the site of the Bulldogs' home games. The support of the Corps of Cadets makes it a difficult place for visiting teams to play, and the Bulldogs can always be counted on to provide excitement. In addition to playing in the Southern Conference, the team also plays a demanding nonconference schedule. Past games have included North Carolina, N.C. State, Clemson, Duke, Wake Forest, Notre Dame, and South Carolina. Head Coach: Pat Dennis.

**Tennis** - The Donald C. Bunch Tennis Courts are the home of The Citadel's tennis team and consist of ten Laykold tennis courts plus a modern club house. The Citadel has the distinction of being one of the few colleges in the Southeast to have such admirable facilities.

Tennis is important at The Citadel and is a rapidly rising sport in the competitive field as well as a recre-

ational activity for both men and women. Each spring The Citadel faces opposition from Southern Conference schools and on occasion, schedule such powers as Harvard, the University of Tennessee, and the University of South Carolina. Highlighting the season is the Southern Conference tennis tournament. Coach: Mike Groshon.

**Baseball** - The Citadel baseball program received a huge boost in facilities when the Joe Riley Stadium opened in 1997. This provided a park for the Bulldogs to play both day and night games against some of the most formidable foes in the South. The Citadel baseball team has defeated nationally ranked teams and always provides an exciting and daring style of baseball. The baseball season

begins in early February and ends with hosting the Coca Cola—Wendy's Southern Conference Tournament. The 1994, 1996, 1998, 1999, and 2001 teams were the Southern Conference Champions and earned an invitation to the NCAA Regionals. Coach: Fred Jordan.

**Indoor and Outdoor Track** - Male and female cadets compete in outstanding track and field meets such as the Southern Conference indoor and outdoor competition, the South Carolina state meet and the Florida Relays. Besides these meets, The Citadel competes among Southeastern

Conference and Atlantic Coast Conference teams. The campus track, which surrounds Willson Field is made up of a quarter-mile of all-weather rubberized track. Coach: Jody Huddleston.

**Cross Country** - The men's and women's cross country teams compete every fall in dual meets with Southern Conference teams and also in invitational meets in the area. Each fall, The Citadel hosts an Invitational Cross Country meet at Charles Towne Landing.

The season culminates with the Southern Conference meet held at alternate sites throughout the conference. If qualifying standards are met, the team will then compete in the NCAA regional meet at a predetermined site. Coach: Jody Huddleston.

**Golf** - The Citadel men's and women's golf teams enjoy a very competitive schedule with tournaments in the fall (off-season) and spring (in-season). The spring season includes excellent competition in The Citadel Invitational, and other tournaments, and culminates with the Southern Conference Tour-

nament in April.

The team has playing access to most courses in the Charleston area. Excellent weather allows for nearly year-round practice and play; however, an indoor driving range is available when needed in Vandiver Hall. Coach: Ben Broadwater.

**Wrestling** - The Citadel wrestling team competes in a very strenuous schedule of events, including Southern Conference meets and independent tournaments. The team crowns its season with the Southern Conference Tournament and sends qualifiers to the NCAA Championships.

The wrestling squad is comprised of a minimum of 30 cadets from all four classes and wrestles according to varsity collegiate-style rules. The preparation begins in October with the competitive season running from November until March. Coach: Rob Hjerling.

**Men's Soccer** - The Citadel Soccer team was formed in mid-October 1966 as a soccer club and later that year became recognized as a varsity sport.

The soccer team has a varied schedule which includes many NCAA Division I schools in the South. In addition to Southern Conference opponents, the Bulldogs compete against Atlantic Coast Conference and Southeastern Conference teams. The huge rivalry between The Citadel and The College of Charleston provides quite a spectacle when the two teams meet. Head Coach: Joel Christy.

**Women's Soccer** - In the fall of 1999, Women's Soccer became the fourth sport for females at The Citadel joining cross-country, track & field and volleyball. In the fall of 2000, women's soccer joined the NCAA. Coach: Megan Hjerling.

**Volleyball** - In the fall of 1998, The Citadel welcomed women's volleyball. The addition of women to the Corps of Cadets has added a new aspect to the intercollegiate athletics offering, and volleyball is the school's first female team sport. Coach: Wendy Anderson.

**Rifle** - Male and female cadets compete together in international three position small bore and air rifle matches. In 2001, the Director of Athletics, Les Robinson, reinstated Rifle as an intercollegiate sport. Rifle had been a varsity sport on campus for many years until it was moved to the collegiate level after the 1993-94 school year. In March of 2002, the Rifle team won the South Eastern Air Rifle Conference Championships. In addition to playing in the Southern Conference, the Rifle Team has competed against nonconference teams such as the United States Military Academy, Austin Peay, and Texas Christian University. Coach Bill Smith.

**Cheerleaders** - An important group within the college is the cheerleading squad, whose job is to lead the corps in vocally supporting our varsity football and basketball teams during games. Try-outs are held in the spring and early fall. During the football season the cheerleaders organize Corps pep rallies preceding home games. On occasion, the squad competes in the NCAA Division I Championships. Coach: Brittany Myers.

## THE CITADEL COLORS—BLUE AND WHITE

Unlike most Citadel customs and traditions, which have developed over a long period of time, the college colors were chosen in the interest of expediency. In the spring of 1899, Cadet Captain John W. Moore, manager of the baseball team, secured permission to take the team on its first road trip. Prior to that time all athletic contests had been staged locally. As other colleges had colors which were displayed in athletic contests, Cadet Moore and two or three friends decided that blue and white made an appropriate combination; they hastily had pennants made in these colors to take along.

Although born out of necessity, the colors were readily accepted by the Corps and have endured to this day. Symbology: Blue symbolizes the clear sky with unlimited horizons, which foretells of a Citadel cadet's future. White symbolizes purity of thought and actions, honesty and decency – all elements of The Citadel Code, the Honor Code, and the "Whole Person" concept.

### INTRAMURAL ACTIVITIES

Cadets compete for their companies in Intramural Athletics. Competition becomes intense as companies vie for the Board of Visitors Trophy, awarded annually to the Commanding Officer of the company accumulating the most intramural points. Intramural Athletics is housed in Deas Hall and conducted by the Department of Health, Exercise, and Sport Science. Intramural activities include:

Air Rifle  
Badminton  
Basketball  
Basketball Hot Shot  
Billiards

## CLUB SPORTS

Club Sports provide limited extramural competition in activities which are not governed by the Southern Conference. The Department of Health, Exercise and Sport Science supervises club sports. **Fourth class cadets may participate after Parents' Day.** Programs consistantly offered include:

**Boxing** - The boxing club provides training in the skills of boxing and offers competition with similar clubs from colleges throughout the South. Members train with heavy bags, speed bags and other equipment available for sport clubs. Proficient members of the boxing team travel to regional and national tournaments.

**Crew** - The crew team competes in United States Rowing Association sanctioned events. The Citadel faces teams such as Purdue, Duke, and UNC.

cling Federation.

**Ice Hockey** - The Citadel Ice Hockey team celebrated its first season during the 2001-2002 academic year. The Citadel competes against a wide range of college teams from as far north as Maryland down to southern Florida.

**Lacrosse** - Lacrosse, known as the "fastest game on foot," is increasing in popularity at The Citadel. The team plays such opponents as the University of Georgia, Georgia Tech, North Carolina State, VMI, VPI, and Clemson. The Citadel competes in the Atlantic Coast Lacrosse Alliance and is a member of the U.S. Lacrosse Association.

**Pistol** - This club provides pistol and on-line competition against other colleges, military units, and private clubs in the .22 caliber rimfire and .177 caliber pneumatic pistol events. The team is consistently ranked as one of the best in the nation and annually qualifies individuals to compete in Junior Olympics in Colorado Springs, Colorado.

**Rugby** - The rugby club has operated successfully at The Citadel for a number of years. This sport gives cadets a chance to compete with teams from Auburn, Clemson, USC, Davidson, and Wofford, as well as many other noncollegiate clubs in the South.

**Sailing** - As a member of Southern Atlantic Intercollegiate Sailing Association, the sailing club provides an opportunity for competitive sailing as well as instruction and training for all skill levels.

**Scuba Diving** - The scuba club provides members the opportunity to obtain national certification in scuba diving. Certified divers may obtain advanced instruction and certification. All eligible members can participate in dive trips designed for fun and experience.

**Skydiving** - The skydiving club trains at a local commercial organization which has national certification for safety and instruction. The club provides demonstrations at Citadel events.

**Full Contact Tae Kwon Do** - The Tae Kwon Do club provides instruction and competition. The club is open to beginners and provides an excellent opportunity for skill level advancement.

**Triathlon** - As a relatively new club at The Citadel, the Triathlon Club aligns itself with USA Triathlon in seeking competitive opportunities for members.

**Weightlifting** - The newest member of The Citadel Club Sports, the Weightlifting club promotes proper technique and use of equipment in the Deas Hall Weight Room.

## CITADEL SONGS AND CHEERS

### The Citadel Ramble

The Citadel has a bulldog  
With short and grizzly hair.  
Carolina has a gamecock—  
Now wouldn't they make a pair?  
And when they get together  
There's bound to be a scrap.  
Just watch that Citadel Bulldog  
Wipe that gamecock off the map!

#### CHORUS

Oh! they rambled, they rambled.  
They rambled all around.  
In and out of town,  
Oh! they rambled, they rambled.  
They rambled 'till the Bulldogs cut 'em down.

### Goodbye, Carolina!

(Tune: "The Fighting Light Brigade")

Goodbye, Carolina!  
You'll now be driven back  
As the Blue and White goes crashing through  
The Garnet and the Black.  
With a touchdown through center  
And one around the end,  
Goodbye, Carolina,  
'Til we meet you  
Again!

## **X. CADET COMMITTEES, ACTIVITIES, ORGANIZATIONS**

Apart from the military and educational duties that cadets must participate in daily, extracurricular activities and organizations exist to suit the needs of every cadet. Although some of these organizations are reserved for upperclass cadets, others for those with high grade-point ratios, and others for those with specific majors, there is a multitude of activities that the new cadet may participate in with new ones opening each passing year. There is ample opportunity to diversify and enrich each cadet's experience at The Citadel, whether male or female.

### **COMMITTEES**

**Activities Advisory Committee** - This committee plans and executes social activities for the Corps of Cadets and advises the Department of Cadet Activities. Cadets of the upper three classes serve on this committee which is chaired by the Cadet Activities Officer.

## THE CITADEL CODE

To revere God, love my country, and be loyal to The Citadel. To be faithful, honest, and sincere in every act and purpose and to know that honorable failure is better than success by unfairness or cheating.

To perform every duty with fidelity and conscientiousness and to make duty my watchword.

To obey all orders and regulations of The Citadel and of proper authority.

To refrain from intoxicants, narcotics, licentiousness, profanity, vulgarity, disorder, and anything that might subject me to reproach or censure within or without the college.

To be diligent in my academic studies and in my military training.

To do nothing inconsistent with my status as a cadet.

To take pride in my uniform and in the noble traditions of the college and never do anything that would bring discredit upon them.

To be courteous and professional in my deportment, bearing, and speech, and to exhibit good manners on all occasions.

To cultivate dignity, poise, affability, and a quiet and firm demeanor.

To make friends with refined, cultivated, and intellectual people.

To improve my mind by reading and participation in intellectual and cultural activities.

To keep my body healthy and strong by physical exercise and participation in many sports.

To be generous and helpful to others and to endeavor to restrain them from wrongdoing.

To face difficulties with courage and fortitude and not to complain or be discouraged.

To be worthy of the sacrifices of my parents, the generosity of the state, and the efforts of all who teach and all who administer the college in order that I might receive an education and to recognize my obligation to them.

To make the college better by reason of my being a cadet.

To resolve to carry its standards into my future career and to place right above gain and a reputation for integrity above power.

To remember always that the honor of being a Citadel cadet and graduate imposes upon me a corresponding obligation to live up to this code.

The foregoing code is earnestly commended to all cadets as an interpretation of the ideals of The Citadel.

(*GEN. CHARLES P. SUMMERALL, USA, RET., PRESIDENT 1931-1953*)
